[Lemon-Aid New Cars and Trucks 2012](#) Nov 26 2021 Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway) Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers) GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago) You can save \$2,000 by cutting freight fees and "administrative" charges) Diesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for

\$25 worth of urea

Lemon-Aid Used Cars and Trucks 2010-2011 Oct 06 2022 Lemon-Aid Used Cars and Trucks 20102011 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years of production. This book offers an exposé gas consumption lies, a do-it-yourself service manual, an archive of service bulletins granting free repairs, and more.

Lemon-Aid Used Cars and Trucks 2011-2012 Nov 07 2022 As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 20112012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an exposé of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers can't beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.

Lemon-Aid New and Used Cars and Trucks 1990-2015 Jul 23 2021 Lemon-Aid New and Used Cars and Trucks 1990-2015 steers the confused and anxious buyer through the purchase of new and used vehicles unlike any other car-and-truck book on the market. "Dr. Phil," Canada's best-known automotive expert for more than 42 years, pulls no punches.

Lemon-Aid New Cars and Trucks 2010 Dec 28 2021 This compendium of everything that's new in cars and trucks is packed with feedback from Canadian drivers, insider tips, internal service bulletins, and confidential memos to help the consumer select what's safe, reliable, and fuel-frugal.

New Car Buying Guide Mar 19 2021 Based on tests conducted by Consumers Union, this guide rates new cars based on performance, handling, comfort, convenience, reliability, and fuel economy, and includes advice on options and safety statistics.

Lemon-Aid Used Cars and Trucks 2009-2010 Aug 04 2022 For the first time in one volume, Phil Edmonston, Canada's automotive "Dr. Phil," covers all used vehicles, packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years.

Lemon-Aid New Cars and Trucks 2011 May 01 2022 As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, 'fess up."

Consumer Reports January-December 2003 Jun 09 2020

Lemon-Aid Used Cars and Trucks 2012-2013 Sep 05 2022 Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

The 18 Immutable Laws of Corporate Reputation Aug 24 2021 A veteran Wall Street Journal editor and authority on branding, marketing and reputation provides the 18 crucial rules for companies to follow in developing and protecting their reputation, which can be their most valuable asset or their worst nightmare. A must read book for senior executives, consultants, advertising, public relations, and marketing professionals. From Enron and WorldCom to the Catholic Church and Major League Baseball, reputation crises have never been more widespread. Now Ronald J. Alsop, a veteran Wall Street Journal authority on branding and reputation management, explains the dangers—and gives organizations the eighteen crucial laws to follow in developing and protecting their reputations. Consider this example of a simple decision made by a low-ranking employee: When rescue workers at the site of the World Trade Center disaster sought bottled water from a nearby Starbucks outlet, they complained that an employee charged them for it. In a matter of hours, the Internet had picked up the story and Starbucks' carefully cultivated worldwide reputation was quickly besmirched. This is just one instance among many of how the business world, ever more global and competitive, has become increasingly difficult to navigate. Studies have demonstrated the powerful impact of reputation on profits and stock prices, and yet less than half of all companies have a formal system for measuring reputation. Clearly, companies in every industry—from Dow Chemical to Disney to DaimlerChrysler—have much more to learn. It is still the rare company that realizes the full value of its reputation: how corporate reputation can enhance business in good times, become a protective halo in turbulent times, and be destroyed in an instant by people at the lowest or highest levels of the corporate ladder. Mr. Alsop provides eighteen thoroughly documented lessons based on years of experience covering every aspect of corporate reputation, with a clear distillation of the complex principles at the heart of a reputation. He explains:

- How to protect your reputation when the inevitable crisis hits
- How to cope with the many hazards in cyberspace
- How to create a reputation for vision and industry leadership
- How to establish a culture of ethical behavior
- How to measure and monitor your ever-changing public image
- How to make employees your reputation champions
- How to decide when it's time to change your name

The result is a book that is important not only for business executives, consultants, and advertising, public relations, and marketing professionals but also for anyone eager to learn more about the companies they work for, buy from, and invest in.
