I Want a Date Apr 23 2022

Ciara Whelan wants a date. Her last boyfriend, who dumped her a year ago, just got married and even sent her a notice in the mail. If that's not a sign that she's falling behind in the dating scene, she doesn't know what else it could be. As a good Community Manager, she will seek the help of all the social media within her reach to achieve her goal: a perfect photo to share; but she will end up immersed in that dead-end labyrinth that is the dating world to any woman dangerously close to thirty and with two numbers in her trouser size. She will find out the hard way that it's not enough to want a date, you have to want a date with, and

Again (Vol 2) Rubber Pants Version Jun 13 2021 It is arguably the most common theme in ABDL fiction - becoming a baby again, perhaps forever and perhaps completely so. For many Adult Babies, the idea of being able to give into our wishes and desires completely and without restriction is a wonderful concept and one that grabs our attention. For the vast majority of adult babies, the expression of our inner infant is complicated by endless compromises and limits on what we can actually do. Our partners limit us. Our finances limit us. Social acceptance - and the lack thereof - limits us. Friends, employment, family and other issues limit us. But fiction can overcome all of these. In fiction, we can bend the rules of probability, break the bounds of social norms and erase the limits that otherwise keep us from expressing our inner infancy the way we wish. In these three books, you will read of adults that become complete babies once more. If they are not originally

completely willing to become babies again, they quickly discover the joys, the peace and comfort of nappies, baby clothes, bottle feeds and baby toys. Infancy is entrancing to almost everyone, but for those special people - adult babies - infancy is only a nappy-change away and stories of grownups reverting to babyhood is less fiction than an innate desire that we express on the pages of a book. Enjoy your stay in the world of refreshing infancy. Enjoy nappies and rubber pants!

shy one, the wallflower. In high school, she fell in love with her best friend Mac Brentwell.

However, she was always too shy to tell him. While standing under the mistletoe at a Christmas themed prom, Mac kissed her. She thought he had felt what she felt, but she was wrong. An hour later, she walked in on him and someone else. Mac will never forget that dreadful night. The night all his dreams came crashing down.

Kelly had walked in on him and someone else. Except it wasn't what she thought. He was consoling the girl, not making out with her. Nonetheless, Kelly ran and refused to let him explain. Now Mac lies to Kelly just to have one last chance at winning her heart. Will the lie tear them apart, or will Kelly give them what they always wanted for Christmas?

When a devastating tragedy strikes the Dragonmaster families, Sanna is forced to face a world she never knew existed. Isadora, on the other hand, is too busy with her new life to worry about her old one. While we're at it, no hugs, no kisses on the cheek... just no physical contact in general. That only leads to remembering better times. The last one is the most important... Rule #5 - When you find yourself needing someone's help and you're tired of always asking your family, don't let him be the one who's there for you. Because all those good qualities of his will suck you right back in and you'll have no chance of fighting your feelings, especially now that he's ready to be a father to your daughter.

vacation for him. But that's just the way he likes it--it's not like he has a woman to spend time with anyways. Most women don't want the ranch life, or the surly, silent cowboy that comes with it. Fine with him. He'd rather have the quiet of a roaring fire and the company of his dogs. Cassandra Horn is trying to make it to her parents' winter cabin in Wyoming before the blizzard hits. She desperately needs a vacation from the chaos of Manhattan...and her boss's boyfriend, who is making her life miserable. But Cass never makes it to the cabin. A raging snowstorm causes her car to crash, where she's found unconscious by Eli. When Cass wakes, she has no memories of who she is. Eli takes one look at Cass's big blue eyes and dark curls, and like a Christmas miracle, falls head over heels in love. But while the attraction is mutual, can she give her heart to this cowboy if she's not sure it's hers to give?

All I Want from Santa Dec 19

2021 A much-loved early classic from #1 New York Times bestselling author Lisa Jackson, this heartwarming holiday tale is set in small-town Oregon, where a little girl's letter to Santa ends up bringing the gift of romance to a widowed mom and a single dad. Christmas wishes do come true... Dear Readers, The type of novels I write may have changed since I was first published, but even an early story like this one still has familiar traits. There's the location, for one: All I Want from Santa (originally published as New Year's Daddy) is set in Oregon, a place I truly love and have made the backdrop for many of my other novels... The small town of Cascadia is home to Veronica Walsh and her young daughter, Amy. If Ronni still believed in Santa, she'd ask for

a chance to buy the rundown old lodge next door and turn it into a B&B. Amy's Christmas wish list, on the other hand, includes one item that catches Ronni off-guard: a new daddy. But four years after losing her husband in a tragic accident, Ronni doesn't plan to get involved with anyone—least of all the lodge's new owner. Travis Keegan has moved from Seattle to get his wayward teenaged son back on track. Yet the moment he meets Ronni, he wonders if this could be the fresh start they all need. Healing from loss and melding their two families won't be easy, but Christmas in Cascadia has a magic that may just prove irresistible... All I Want from Santa is a heartwarming holiday romance—the kind that never goes out of style, and the kind I still love to read. I hope you do too. Happy Holidays! Lisa Jackson
