The Miracle of Forgiveness Dec 30 2021 Many of us have been taught that forgiveness is a choice and we are to choose to forgive. As a result, we may try to muster up enough willpower to offer forgiveness to someone who has wounded us. It can make us feel good about ourselves for a while, until that determination to forgive subsides and we are faced with those same feelings of unforgiveness all over again. Nancy sees forgiveness as being a miracle not a choice. While we cannot create miracles, we can experience them - even the miracle of forgiveness. This book takes a powerful look at the miracle of forgiveness, and how that miracle can become our reality. In the end we will not be asking ourselves, "Do I choose to forgive?" but rather, "Am I able to forgive?" We will learn to look to God - the one who is able to make us able.

When Joe McGinniss sets out for the remote Italian village of Castel di Sangro one summer, he merely intends to spend a season with the village's soccer team, which only weeks before had, miraculously, reached the second-highest-ranking professional league in the land. But soon he finds

himself embroiled with an absurd yet irresistible cast of characters, including the team's owner, described by the New York Times as "straight out of a Mario Puzo novel," and coach Osvaldo Jaconi, whose only English word is the one he uses to describe himself: "bulldozer." As the riotous, edge-of-your-seat season unfolds, McGinniss develops a deepening bond with the team, their village and its people, and their country. Traveling with the miracle team, from the isolated mountain region where Castel di Sangro is located to gritty towns as well as grand cities, McGinniss introduces us to an Italy that no tourist guidebook has ever described, and comes away with a "sad, funny, desolating, and inspiring story--everything, in fact, a story should be" (Los Angeles Times).

The Miracle of the Kurds Jan 19 2021 New York Times best-selling author Stephen Mansfield was witness to much of the modern history of the Kurds. In this riveting account, Mansfield movingly tells the stories of the people who have fashioned one of the greatest economic and cultural resurrections in human history. They are the largest people group in the world without a homeland of their own. Despised and persecuted the world over, they even call themselves "the people without a friend." Saddam Hussein tried to wipe them from the face of the earth, killing several hundred thousand of them in the attempt. Their sufferings have become legend. They are the Kurds, descendants of the ancient Medes best known today from the pages of the Bible -- inhabitants of what the world now calls Northern Iraq. Yet today the Kurds are rebuilding so brilliantly from war and oppression that even their enemies call it "a miracle." Six star hotels stand where bombs once fell, shopping malls and gleaming schools rise where massacres once occurred. National Geographic and Conde Nast have listed modern "Kurdistan" as a "must-see" tourist destination.
