Jung's Answer to Job Mar 27 2022 Greeted with controversy on its publication, Answer to Job has long been neglected by many serious commentators on Jung. This book offers an intellectual and cultural context for C.G.Jung's 1952 publication. In Jung's Answer to Job: A Commentary, the author argues that such neglect is due to a failure to understand Jung's objectives in this text and offers a new way of reading the work. The book places Answer to Job in the context of biblical commentary, and then examines the circumstances surrounding its compositions and immediate reception. A detailed commentary on the work discusses the major methodological presuppositions informing it and explains how key Jungian concepts operate in the text. Jung's Answer to Job: A Commentary unravels Jung's narrative by reading it in the chronological order of the biblical events it analyses and the book to which it refers, offering a comprehensive re-reading of Jung's text. An original argument put across in a scholarly and accessible style provides an essential framework for understanding the work. Whilst taking account of the tenets of analytical psychology, this commentary underlines Answer to Job's more general significance in terms of cultural history. It will be invaluable to students and scholars of analytical psychology, the history of ideas, intercultural studies, comparative literature, religion and religious studies.

The Particulars of Rapture Jul 27 2019 Avivah Zornberg grew up in a world of rabbinic tradition and scholarship and received a Ph.D. in English literature from Cambridge University. The Particulars of Rapture, the sequel to her award-winning study of the Book of Genesis, takes its title from a line by the American poet Wallace Stevens about the interdependence of opposite things, such as male and female, and conscious and unconscious. To her reading of the familiar story of the Israelites and their flight from slavery in Egypt, Avivah Zornberg has brought a vast range of classical Jewish interpretations and Midrashic sources, literary allusions, and ideas from philosophy and psychology. Her quest in this book, as she writes in the introduction, is "to find those who will hear with me a particular idiom of redemption," who will hear "within the particulars of rapture . . . what cannot be expressed." Zornberg's previous book, *The Beginning of Desire: Reflections on Genesis*, won the National Jewish Book Award for nonfiction in 1995 and has become a classic among readers of all religions. The Particulars of Rapture will enhance Zornberg's reputation as one of today's most original and compelling interpreters of the biblical and rabbinic traditions.

The Answer Is Always Yes Jul 07 2020 This darkly exuberant debut novel—by turns a fierce, funny coming-of-age story and a teasing work of literary suspense—traces the precipitous rise and fall of a teenage impresario at the zenith of the New York club scene. Matthew Acciaccatura of Teaneck, New Jersey, begins his freshman year at NYU in the fall of 1995 with one goal in mind: to become cool. A former high school outcast, used to lumbering the hallways alone in oversize turtle-necks, Matt seems an unlikely candidate for such a transformation. Yet by dint of effort he lands the coveted position of promoter at one of the hottest clubs in New York in the heyday of rave music and Ecstasy. However, as “Magic” Matt rises to fame, portents of tragedy begin to appear, literally in the margins of the story. Footnotes from one Dr. Hans Mannheim, an imprisoned German academic obsessed with Matt’s dangerous trajectory, suggest that Matt is not as in control of his destiny as he might appear. . . . A gorgeously written archetypal tale of self-discovery (and self-deception) and a love letter to the enduring possibilities of New York City, *The Answer Is Always Yes* will keep readers guessing until its explosive climax.

Afterlife and Resurrection Beliefs in the Pseudepigrapha Jun 17 2021 Jan A. Sigvartsen seeks to examine the immense interest in life after death, and speculation about the fates awaiting both the righteous and the wicked, that proliferated in the Second Temple period. In this volume Sigvartsen analyses the texts of the Pseudepigrapha, identifies the numerous afterlife and resurrection beliefs they contain, and presents an analysis of these beliefs and how they functioned in the Second Temple period. A careful reading of these diverse resurrection passages – from testaments to wisdom, philosophical literature, and prayers – reveals that most of these distinct life-after-death views, regardless of their complexity, show little evidence of systematic development relational to one another, and are often supported by several key passages or shared motifs from texts that later became a part of the TaNaKh. This volume examines testaments from Adam to the Twelve Patriarchs, expansions of stories and legends such as Joseph and Aseneth and the ladder of Jacob, and texts such as 4 Maccabees, before finally considering the posthumous body, the nature of the soul, and anthropological implications. Sigvartsen's study provides a deeper understanding of how texts that later became a part of the TaNaKh were read by different communities during this important period, and the role they played in the development of the resurrection belief – a central article of faith in both Christianity and Rabbinic Judaism. This volume is a companion to Sigvartsen's work on afterlife and resurrection in the Apocrypha and the apocalyptic literature of the Pseudepigrapha.

Landscapes of the Song of Songs Oct 22 2021 In this masterful new study of the ancient poetry of the Song of Songs, Elaine T. James explores the Song's underlying interest in the natural world. Engaging with the fields of geography, landscape architecture, and literature, James critiques the tendency of scholars to reify a perceived dichotomy between "nature" and "culture" and instead argues that the poetic attention to landscape indicates an awareness of a viewer. Nature is here a poetic device that informs James's close-readings of agrarianism, gardens, cities, social control, and feminism and the gaze in the Song. With this two-fold emphasis on landscape and lyric, *Landscape of the Song of Songs* shows how the Song persistently envisions a world in which human lovers are embedded in the natural world, complexly enfolded in relationships of fragility and care.
