Choosing and Using a Portable Air Conditioner Nov 06 2022 A portable air conditioner can provide relief from the heat when no other form of air conditioning is present. Portables can also provide a boost to your home's existing air conditioning by cooling rooms that are chronically too hot, and by selectively cooling individual rooms to save energy through reduced use of the main system. Portable air conditioners are also ideal in apartments, condos, and neighborhoods where property owners or homeowners' associations prohibit the use of window air conditioners. But choosing a portable air conditioner is harder than selecting a window unit. Because portables do not cool in exactly the same way as window air conditioners, they need to be properly matched to the space that needs to be cooled. This booklet explains how to evaluate the features of a portable air conditioner, choose the best-designed unit for your situation, determine the correct BTU (cooling) capacity, install your unit for maximum effectiveness and the lowest energy use, and perform simple maintenance tasks that can prolong the life of your portable air conditioner. In addition, this booklet details situations in which portable air conditioners may actually work better than window units, and also points out those places where a portable air conditioner may not be suitable. Not all salespeople who work at appliance stores are familiar enough with portable air conditioners to adequately explain the advantages and disadvantages of different makes and models, and neither do manufacturers always provide enough information to help you make a choice. This booklet can provide the information you need to make an informed purchase, allowing you to select a

portable air conditioner that will keep you cool while using as little energy as possible.

The Mold Survival Guide Dec 15 2020 Explains what molds are, where they grow, why they grow, and illnesses they can cause, and includes information on ways to protect one's home and possessions from mold.

Breaking Out of Environmental Illness Jul 30 2019 This is a book written to accelerate the personal healing of anyone suffering from any form of environmental illness. It tells the story of how a physician and a nurse liberate themselves from a common debilitating condition. After exhaustive attempts to heal themselves through conventional methods, they moved beyond feeling victimized by physical symptoms. Instead, they learned how to interpret them as communications from their bodies about unexpressed emotions and various structures they had created in their lives which no longer supported them.

The End the Book Jul 10 2020 Glancing to the left, Jeff was surprised to see the small, white church sitting a hundred feet off Highway 85 in the middle of a field of bright, yellow daffodils. He had never seen so many daffodils in his life. There was nothing around except for the small church in the daffodil-laden field, a parking lot to the rear. He wasn't sure if he had ever seen a whiter church, it seemed almost to glow in a reflective yellow. The illuminated message sign by the highway is what really captured his attention.

Judged by Love Feb 03 2020 In this era of war, mendacity, clerical and political scandal, and personal disillusion, I hoped that the example of Bill's love of the Church, his love of the priesthood, his love of people...and his love of the woman he married could show that life can be lived honestly, uprightly, fulfillingly...and with kindness and humor." -Author Javan Kienzle Author William X. Kienzle touched readers, both on and off the page. His 24 Father Robert Koesler mysteries attracted an ever-growing following of faithful and new fans alike, while his status as a highly intelligent and thoughtful ex-priest sparked curiosity and interest in his unique perspective. When Bill died suddenly in December 2001 his readers were crushed, as were so many who knew him personally and professionally. After much reflection on his life, Bill's widow, Javan, chose to write his biography. Judged by Love is a loving but candid portrait of a deeply religious and spiritual person, one who dedicated his life to God by becoming a priest, then found himself separated from the priesthood he loved because of disagreements with its policies. While this is the individual story of Bill Kienzle from his youthful days in the seminary onward, it also serves as a reflection on the current examination of faith that much of the Catholic clergy and laity have experienced over the last 50 years. Complete with Bill and Javan's singular love story, Judged by Love is a moving tale of a remarkable man. Readers interested in religion and spiritual topics, as well as the faithful fans who purchased more than two million copies of Bill's hardcover and paperback mysteries, will be heartened and gratified by the chance to read about this extraordinary human being.
