Middletown 3 Nov 10 2020 What happens when a metal band gets caught up in the apocalypse? Even better, what happens when you give that same scenario to twelve of the genre's hottest authors? Rosamilia, Besser, Abell, Buda, Shelman, Silverman, Stallcup, Wallen, Johnese, Wilburn, Welmerink, Madron ... each author was put to the task to take the apocalyptic story up to eleven. 1. 12. 11. Do the math. It all works out to rock and roll; zombie style.

Confessions of Sexual Mania Mar 15 2021 Sunny Jim was the love child of doting parents. Exceptionally bright, he was twice promoted to a higher grade level. Among older, more sexually aware boys, he was teased for his ignorance of sex. Sunny made it his goal to learn more than the older boys. At age nineteen, Sunny became employed by Ma Bell of Canada, choosing that job because of all the female telephone operators. On his first day at a suburban telephone station, the chief operator invited herself to be his weekend companion. The chief operator used Sunny for sexual experimentation, then tricked him into donating a dowry for her daughter's wedding. Sunny married twice, but marriage didn't keep him from seeking sex with other women. A special thrill for Sunny was the Christmas he spent with a countess who wanted him as her consort, an ex-sister-in-law who had issued an open invitation to share her bed, Sunny's wife, and an orphan he had trained in sexual arts. Sunny invented a method of sending a cardiogram by telephone, but couldn't have invented a stranger life than his own. Though his love died with his beloved Mindy, Sunny became the love of a homeless and unattractive woman's life.

Ftm Sep 08 2020 In this ground-breaking study, Aaron Devor provides a compassionate, intimate, and incisive look at the life experiences of forty-five trans men. Emerging into 21st-century political and social conversations, questions persist. Who are they? How do they come to know themselves as men? What do they do about it? How do their families respond? Who are their lovers? What does it mean for everyone else? To answer these and other questions, Devor spent years compiling in-depth interviews and researching the lives of transsexual and transgender people. Here, he traces the everyday and significant events that coalesce into trans identities, culminating in gender and sex transformations. Using trans men's own words as illustrations, Devor looks at how childhood, adolescence, and adult experiences with family members, peers, and lovers work to shape and clarify their images of themselves as men. With a new introduction, Devor positions the volume in twenty-first century debates of identity politics and community-building and provides a window into his own self-exploration as a result of his research.

Journey from Insanity to Sanity Jan 01 2020 During struggles, we ask, "Why?" or "What caused it?" or "What can I do now?" when we would be asking, "Who?" Who is able to help us recover, to heal, to protect us in the future? This book answers that question.

FTM: Female-to-male Transsexuals in Society Oct 10 2020 FTM: Female-to-Male Transsexuals in Society provides a compassionate, intimate, and incisive look at the life experiences of forty-five female-to-male transsexuals. Until now, little has been known about these individuals, and questions persist about them. Who are they? How do they come to know themselves as transsexual? What do they do about it? How do their families cope? Who loves them? What does it mean for the rest of us? To answer these and other questions, Holly Devor spent many years compiling in-depth interviews and researching the lives of transsexual and transgendered people, many of whom became her friends. She traces the everyday and significant events that coalesce in transsexual identity, culminating in gender and sex transformation. After an introduction which grounds the discussion in historical and theoretical contexts, the author takes a life course approach to understanding female-to-male transsexualism. Using her subjects' own words as illustrations, Devor looks at how childhood, adolescent, and adult experiences with family members, peers, and lovers work to shape and clarify female-to-male transsexuals' images of themselves as people who should be men.

Nicht normal, aber ziemlich genial May 29 2022 Dieses Buch definiert die Sicht auf die menschliche Psyche neu! Dr. Dale Archer beschreibt acht der am häufigsten auftretenden psychischen Störungen, darunter ADHS, Angststörungen, extreme Schüchternheit und Narzissmus. Dabei erklärt der anerkannte Psychiater zwei wichtige Erkenntnisse aus 20 Jahren therapeutischer Erfahrungen: Erstens sind

Störungen nicht entweder vorhanden oder nicht, sondern es ist stets eine Gratwanderung: Bei jedem von uns ist jede der Störungen in unterschiedlicher Ausprägung angelegt. Und zweitens: Mit jeder Störung ist eine Stärke, eine menschliche Qualität verbunden. Daher sollten wir gar nicht erst versuchen, normal zu sein, sondern stattdessen besser erkennen, welche Störung bei uns wie stark ausgeprägt ist und wie uns dies zu etwas Besonderem macht.

The Big Fifty Jan 25 2022 The language was unique, the love was simple, the excitement was real and the cars were special. The Big Fifty will take you to those special times. The Pikes Peak High School hockey team was made up of students who did not live in the 'high class' neighborhood on the hill. Brookshire was one of the wealthiest communities in Colorado and unless you were from one of the 'families on the hill' you couldn't go out for the more glamorous sports. Hockey was the sport for the kids in the valley. When their team won the state championship held in the Brookshire Ice Palace and a fight broke out on the rink the result was the banishment of the Pikes Peak hockey team from participating in the sport for one year – even though it wasn't their fault. That very night a small group of students formed the first teenage gang in the city. "If they don't want us up on their mighty hill, then we don't want them down here!" Rock shouted. With the strategy of an army unit this tiny group of teenagers set out to isolate the wealthy community of Brookshire from the rest of the city.

Unfinished Business Jul 31 2022 'An adventure beyond social mobility' portrays the importance of human resource development as a life pursuit. One objective is to document for my family information about my roots, educational struggles, and my adult life. The account, a legacy to my family and Africa, sends a message to other children born into similar socio-economic and cultural environment that hard work ultimately yields dividends. Another objective is to share with scholars interested in African development efforts by the international community to foster such development focusing on the population sector. The contribution under reference is not limited to personal publications; it also includes the recommendations from conferences, meetings, seminars, studies, symposia, and workshops organized under varying auspices of the international community. A final objective is to highlight key factors accounting for my social mobility in relation to those reported in social science literature. In terms of content, chapter one outlines the way of life of people in my village, their survival strategies, their traditional beliefs and religion, and cultural background as aspects of "my roots". Chapter two discusses my educational training experiences. The focus of chapter three is the re-entry problems that I encountered on returning to Nigeria from studies overseas and my initial contribution to African population and development literature. Chapter four highlights the evolution of the United Nations Economic Commission for Africa (ECA) and the development of African regional population program within the framework of the African census program. The next three chapters (five-seven) capture details of the main activities within the region in the course of my working for the ECA. While chapter eight outlines factors that have facilitated my upward mobility and relates the latter to those generally reported in social science literature as influencing social mobility, chapter nine focusses on my ongoing retirement.

Braided Lives Jul 19 2021 Marge Piercy carries her portrait of the American experience back into the Fifties—that closed, repressive time in which forces for the upheavals of the Sixties ticked away underground. Spanning twenty years, and teeming with vivid characters, *Braided Lives* tells the powerful, unsentimental story of two young women coming of age. Jill, fiercely independent, dark, Jewish, an intellectual with Detroit street smarts, is a poet, curious, avid of life—a “professional student” and sometime thief. Donna, Jill’s cousin and closest friend, is blond, pretty, and alluring. Together, they grow and change at college in Ann Arbor, where the life of poets and painters contrasts sharply with the working-class neighborhood where Jill’s family lives. In Michigan, and afterward in New York City, the two women taste love and betrayal, friendship and pain, independence and fear as they reach a deepening understanding that to control their lives they must fight. And though their fates differ as widely as their personalities, both reflect the danger that sex posed at a time when abortions were illegal and an affair could destroy a woman’s life, making the outcome of a chance encounter or a night of love a matter of life and death. *Braided Lives* is an enduring portrait of the past that has led to our tenuous present. In her new introduction to this edition, Marge Piercy reflects on both the most autobiographical of her novels, and the ongoing battles to ensure the hard-fought victories of the Sixties and Seventies, particularly around sex and reproductive rights.

Night-Gaunts Jun 29 2022 Dark, brilliant fiction from the New York Times-bestselling author: “Oates’ spookiness is visceral, psychologically involving, and socially astute.”?Booklist In the title story of her taut new fiction collection, Joyce Carol Oates writes: Life was not of the surface like the glossy skin of an apple, but deep inside the fruit where seeds are harbored. There is no writer more capable of picking out those seeds and exposing all their secret tastes and poisons than Oates herself—as demonstrated in these six stories. One tale opens with a woman, naked except for her high-heeled shoes, seated in front of the window in an apartment she cannot, on her own, afford. In this exquisitely tense narrative reimagining of Edward Hopper’s *Eleven A.M.*, 1926, the reader enters the minds of both the woman and her married lover, each consumed by alternating thoughts of disgust and arousal, as he rushes, amorously, murderously, to her door. In “The Long-Legged Girl,” an aging, jealous wife crafts an unusual game of Russian roulette involving a pair of Wedgwood teacups, a strong Bengal brew, and a lethal concoction of medicine. Who will drink from the wrong cup, the wife or the dance student she believes to be her husband’s latest

conquest? In “The Sign of the Beast,” when a former Sunday school teacher’s corpse turns up, the blighted adolescent she had by turns petted and ridiculed confesses to her murder—but is he really responsible? And another young outsider, Horace Phineas Love, Jr., is haunted by apparitions at the very edge of the spectrum of visibility after the death of his tortured father in “Night-Gaunts,” a fantastic ode to H.P. Lovecraft. “Consummately well-written, stylistically dashing...forthrightly nightmarish.”?Kirkus Reviews
