How Not to Be Popular Oct 03 2022 Maggie Dempsey is tired of moving all over the country. Her parents are second-generation hippies who uproot her every year or so to move to a new city. When Maggie was younger, she thought it was fun and adventurous. Now that she's a teenager, she hates it. When she moved after her freshman year, she left behind good friends, a great school, and a real feeling of belonging. When she moved her sophomore year, she left behind a boyfriend, too. Now that they've moved to Austin, she knows better. She's not going to make friends. She's not going to fit in. Anything to prevent her from liking this new place and them from liking her. Only . . . things don't go exactly as planned.

There's no way a side character like me could be popular, right? Feb 24 2022 "I just love you soooooo much, Senpai!" My name is Tomoki Yuuki, a second-year high school student. I'd say I'm a fairly normal student, save for the fact that everyone avoids me like the plague because I apparently look like I'm out for blood. Ike Haruma is the only one who doesn't steer clear of me. He's your typical 'perfect guy' in every sense; the protagonist with no real flaws that you see in any given story. Life at school was continuing on as usual... until one day, Haruma's super popular little sister confesses to me out of the blue?! Though she later clarifies that her feelings toward me are anything but romantic and that she has an ulterior motive, I end up accepting my new role as 'fake boyfriend' as a favor to Haruma. Believe it or not, the moment I start going out with her, Haruma's idol-tier childhood friend and my super hot teacher get involved with me too! Wait a minute. This can't be a dream rom-com scenario setting itself up for me, can it?! I mean, there's no way a side character like me could be

[There's no way a side character like me could be popular, right? Volume 2](#) Mar 28 2022 I'm Tomoki Yuuji—just your standard, run-of-the-mill high school student. I also happen to be faking a relationship with Ike Touka, the school's newest queen bee. While everyone's afraid of me and avoid me like the plague, Touka's always trying to grab their attention whenever possible. It's so the whole school knows we're the "real deal," I guess. There are people who understand my situation and aren't scared of me. There's the actual protagonist of this story, Ike Haruma, or one of my teachers, Makiri Chiaki. But other than them and a few others, my situation hasn't really changed ever since I started "going out" with Touka. One of the people who remains very suspicious about my relationship with her is Haruma's childhood friend, Kana. One day, she suddenly tells me to meet her alone. When I do, she blurts out something totally unexpected: "I'm so sorry, but could we start as friends and see how things go from there?!" ...Wait a sec, did she just confess her feelings and reject me at the same time?! Find out what happens to Yuuji in the second volume of "There's no way a side character like me could be popular, right?!"
