Godkward is an adjective used to describe a difficult situation that causes inconvenience or embarrassment that God has led you to or through! It's a God-given, awkward moment. Inside this book you'll find a Godkward story about one man's battle with alcohol. What started as an unhealthy relationship with drinking turned into a spiritually purposeful journey into recovery. Along the way, right choices were not rewarded with medals or trophies, but by the onslaught of trials. How could anyone continue down the straight and narrow path when met with so many challenges? *Godkward: Finding Purpose in My Journey from Addiction to Recovery* highlights one man's battle against the enemy and how seeking God vigilantly helped pull him from the wreckage his life had become.

**Research in Basic Writing** Nov 12 2020 This reference handbook surveys research on the central issue associated with the teaching of unprepared writers. Though basic writing has only been recognized as a distinct area of teaching and research since 1975, the existing bibliographic texts already seem limited due to their age or lack of annotation. This volume provides current and extensive bibliographic essays and will help to define this new field of study for teachers and researchers. Following an introduction that summarizes the origins and significant texts in basic writing, the book is divided into three sections, Social Science Perspectives, Linguistic Perspectives, and Pedagogical Perspectives. The first section, which contains three essays, views the field through the lens of social, psychological, and political issues. The second section, also containing three essays, examines contributions made from studies of grammar, dialects, and second-language acquisition. The third section, in its four essays, focuses on the design, development, administration, and evaluation of basic writing courses, the use of computers in basic writing classrooms, the role of the writing lab, and the preparation of basic writing teachers. An appendix that reviews current textbooks for basic writing courses is also included, as well as an index. This book will be a valuable resource for teachers of basic writing, in education courses and workshops that train teachers and tutors, and in fields such as linguistics, technical writing, and Teaching English as a Second Language. It will also be an important addition to public and university libraries and many education programs.

The Obasinjom Warrior Jun 27 2019 On March 8, 2007, one of Cameroons foremost scholars died in a ghastly traffic accident barely hours after launching his most forthright and acerbic collection of poems: *Disgrace: Autobiographical Narcissus*. Dr. Bate Besong was a social activist, a critic, troubadour, and playwright; an avant-garde, steeped in the tradition of the absurd, who fought against the corrupt system of governance that transmuted Cameroonians into a comatose and apathetic citizenry neutered by fear engendered by the workings of an existing Gestapo. For the first time, Emmanuel Fru Doh has gone beyond an analysis of Besongs plays into giving an in-depth appraisal of his poems which have, for a long time, held back critics because of their opacity. Doh examines each of Besongs plays and collections of poems in separate sections and succeeds in setting Besongs work in perspectivemindful of their concerns and

Responding to the "increasing mobility of texts," MLA now encourages writers to focus on the process of crafting the citation, beginning with the same questions for any source. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and critical thinking over rote recall and rule-following.

Thus Have I Seen Jan 27 2022 This book offers a new approach to understanding Buddhist lay and monastic practice by recognizing the crucial role that visual practices played in Indian Buddhism in the early centuries of the Common Era. In the genre of Indian Buddhist narratives

known as avadana, most lay religious practice consists not of reading, praying, or meditating, but of visually engaging with certain kinds of objects. The key for understanding the Buddhist conceptualization about the world and the ways it should be navigated is found, in these stories, in ways of seeing and the results of seeing.
