Cultivating Success in the South Nov 13 2020 This book explores changes in rural households of the Georgia Piedmont through the material culture of farmers as they transitioned from self-sufficiency to market dependence. The period between 1880 and 1910 was a time of dynamic change when Southern farmers struggled to reinvent their lives and livelihoods. Relying on primary documents, including probate inventories, tax lists, state and federal census data, and estate sale results, this study seeks to understand the variables that prompted farm households to assume greater risk in hopes of success as well as those factors that stood in the way of progress. While there are few projects of this type for the late nineteenth century, and fewer still for the New South, the findings challenge the notion of farmers as overly conservative consumers and call into

A Tour of Representation Theory Aug 23 2021

Representation theory investigates the different ways in which a given algebraic object--such as a group or a Lie algebra--can act on a vector space. Besides being a subject of great intrinsic beauty, the theory enjoys the additional benefit of having applications in myriad contexts outside pure mathematics, including quantum field theory and the study of molecules in chemistry. Adopting a panoramic viewpoint, this book offers an introduction to four different flavors of representation theory: representations of algebras, groups, Lie algebras, and Hopf algebras. A separate part of the book is devoted to each of these areas and they are all treated in sufficient depth to enable and hopefully entice the reader to pursue research in representation theory. The book is intended as a textbook for a course on representation theory, which could immediately follow ~~the~~

The broad range of topics covered will also make the text a valuable reference for researchers in algebra and related areas and a source for graduate and postgraduate students wishing to learn more about representation theory by self-study.

adventurously in Montreal and St Thomas, where they were accepted and loved by fellow citizens while publicly retaining their Ojibwa heritage. The Ermatingers contrasts the "European" commercial and trading society in urban Montreal, where Charles was brought up, with the Ojibwa hunter/warrior values of Mananowe's society. Their sons variously risked life at war in Spain and in the Upper and Lower Canada rebellions, policed Montreal streets in an era of riots, spied on the Fenians on the US border, and made a hazardous journey to help establish the Canadian Pacific Railway's route. Brian Stewart argues that the sons' Ojibwa traditions and values shaped their adult lives: during their adventures, the sons fought for Native rights for themselves as well as for Ojibwa relatives and friends. The Ermatingers is an exciting story that contributes to our understanding of Indian and European biculturalism and its effects on those who make up the various forms of Métis

Marti Talbott's Highlander Series 1 (Anna, Rachel & Charlet) Nov 06 2022 Marti

Talbott's Highlander Series is a collection of short stories about the Scottish MacGreagor Clan in the 12th century. It all began with --ANNA -- In love with a woman he had only seen once and could not find, the Highlander, Kevin MacGreagor was growing older and needed a wife to give him sons. No other woman pleased him, even the daughters of other lairds, so he finally settled for Anna sight unseen. But when his men went to meet her guard, she was all alone and badly beaten. Who could have done such a thing and why?

RACHEL -- had a dark secret and even she didn't know what it was. She was seventeen, determined to become as good a warrior as any Highlander and was firmly against taking a husband. Connor had other ideas. He loved Rachel and when she finally took her, he

thought he would lose his mind. How would he ever get her back and if he did, would her dark secret separate them forever? CHARLET -- The King of England asked the Highlander, Kevin MacGreagor, to hide a baby girl and save her life. But sixteen years later, someone discovered where she was. To Blair Cameron fell the duty of hiding and protecting Charlet. It was not an easy task. She was furious, head-strong and determined to run from him. Could Blair keep her alive? And if he did, could he keep himself from falling in love with her?

First published in 1892, Life and Times of Frederick Douglass Written By Himself is the final autobiography written by Frederick Douglass (1818-1895), a man who was born into slavery in Talbot County, Maryland. historian, intellectual, statesman, and liberator in U.S. history. A powerful literary work, Douglass' final autobiography shares the stories of his 'several lives in one.' Beginning with his war against 'the hell-black system of human bondage,' Douglass bears witness to his personal experiences of mind-body-and-soul-destroying tragedies. Living a new life as a 'fugitive from slavery,' he tells his audiences of his decades-long labours as a world-leading freedom-fighter. Ever vigilant in his protest against the discriminatory persecutions endured by millions of 'my people,' he testifies to the terrible reality that his 'life of comparative freedom' necessitated a lifelong fight against the inhumane injustices of 'American prejudice against colour.' Living a death-defying 'life of conflict and battle' during the Civil War, Douglass celebrates the 'life of victory' promised by post-war civil rights legislation only to condemn the failures of the U.S. nation either to

exterminate slavery or secure equal rights for all. All too painfully aware that the 'conflict between the spirit of liberty and the spirit of slavery' was far from over and would become the unending struggle for 'aftercoming generations' in the ongoing war against white supremacy, Douglass remained a fearless fighter against the 'infernal and barbarous spirit of slavery' 'wherever I find it' to the day that he died. This new edition examines Douglass' memorialization of his own and his mother Harriet Bailey's first-hand experiences of enslavement and of their 'mental' liberation through a 'love of letters'; his representation of Civil War Black combat heroism; his conviction that 'education means emancipation'; and

finally, his 'unending battle' with white publishers for the freedom to 'tell my story.' This volume reproduces Frederick Douglass' emotionally powerful and politically hard-hitting anti-lynching speech, *Lessons of the Hour*, published in 1894.
