Top 100 Exotic Food Plants Oct 21 2019 Many edible plants considered exotic in the Western world are actually quite mainstream in other cultures. While some of these plants are only encountered in ethnic food markets or during travels to foreign lands, many are now finding their way onto supermarket shelves. Top 100 Exotic Food Plants provides comprehensive coverage of tropical and semitropical food plants, reviewing scientific and technological information as well as their culinary uses. Wide-ranging in scope, this volume's coverage includes plants that produce fruits, vegetables, spices, culinary herbs, nuts, and extracts. A user-friendly format enables readers to easily locate information on botanical and agricultural aspects, economic and social importance, food uses, storage, preparation, and potential toxicity. The book also contains an introductory chapter that reviews important historical, economic, geopolitical, health, environmental, and ethical considerations associated with exotic food plants. Thoroughly referenced with more than 2000 literature citations, this book is enhanced by more than 200 drawings, many chosen from historical art of extraordinary quality. This timely volume also highlights previously obscure edible plants that have recently become prominent as a result of sensationalistic media reports stemming from their inherently entertaining or socially controversial natures. Some of these plants include the acai berry, kava, hemp, and opium poppy. A scholarly yet accessible presentation, the book is filled with numerous memorable, fascinating, and humorous facts, making it an entertaining and stimulating read that will appeal to a broad audience.

English Eccentrics and Eccentricities Jan 04 2021 English Eccentrics and Eccentricities is a humorous work by John Timbs. An entertaining and light reading that covers different personalities, in a quirky fashion that Brits are well acquainted with.

Hard Places Dec 03 2020 Working with the premise that there are much meaning and value in the "repelling beauty" of mining landscapes, Richard Francaviglia identifies the visual clues that indicate an area has been mined and tells us how to read them, showing the interconnections among all of America's major mining districts. With a style as bold as the landscape he reads and with photographs to match, he interprets the major forces that have shaped the architecture, design, and topography of mining areas. Covering many different types of mining and mining locations, he concludes that mining landscapes have come to symbolize the turmoil between what our society elects to view as two opposing forces: culture and nature.

Underground Railroad Feb 05 2021 Colson Whiteheads Bestseller über eines der dunkelsten Kapitel der Geschichte Amerikas - ausgezeichnet mit dem Pulitzer Preis 2017 und ab 14. Mai bei Amazon Prime unter der Regie von Academy-Award-Gewinner Barry Jenkins Cora ist nur eine von unzähligen Schwarzen, die auf den Baumwollplantagen Georgias schlimmer als Tiere behandelt werden. Alle träumen von der Flucht - doch wie und wohin? Da hört Cora von der Underground Railroad, einem geheimen Fluchtnetzwerk für Sklaven. Über eine Falltür gelangt sie in den Untergrund und es beginnt eine atemberaubende Reise, auf der sie Leichendieben, Kopfgeldjägern, obskuren Ärzten, aber auch heldenhaften Bahnhofswärtern begegnet. Jeder Staat, den sie durchquert, hat andere Gesetze, andere Gefahren. Wartet am Ende wirklich die Freiheit? Colson Whiteheads Roman ist eine virtuose Abrechnung damit, was es bedeutete und immer noch bedeutet, schwarz zu sein in Amerika.

Film and the American Presidency Aug 31 2020 The contention of *Film and the American Presidency* is that over the twentieth century the cinema has been a silent partner in setting the parameters of what we might call the presidential imaginary. This volume surveys the partnership in its longevity, placing stress on especially iconic presidents such as

Lincoln and FDR. The contributions to this collection probe the rich interactions between these high institutions of culture and politics—Hollywood and the presidency—and argue that not only did Hollywood acting become an idiom for presidential style, but that Hollywood early on understood its own identity through the presidency's peculiar mix of national epic and unified protagonist. Additionally, they contend that studios often made their films to sway political outcomes; that the performance of presidential personae has been constrained by the kinds of bodies (for so long, white and male) that have occupied the office, such that presidential embodiment obscures the body politic; and that Hollywood and the presidency may finally be nothing more than two privileged figures of media-age power.

Social Issues in America Jun 21 2022 More than 150 key social issues confronting the United States today are covered in this eight-volume set: from abortion and adoption to capital punishment and corporate crime; from obesity and organized crime to sweatshops and xenophobia.

Damaged Sep 12 2021 *Damaged: Musicality and Race in Early American Punk* is the first book-length portrait of punk as a musical style with an emphasis on how punk developed in relation to changing ideas of race in American society from the late 1960s to the early 1980s. Drawing on musical analysis, archival research, and new interviews, *Damaged* provides fresh interpretations of race and American society during this period and illuminates the contemporary importance of that era. Evan Rapport outlines the ways in which punk developed out of dramatic changes to America's cities and suburbs in the postwar era, especially with respect to race. The musical styles that led to punk included transformations to blues resources, experimental visions of the American musical past, and bold reworkings of the rock-and-roll and rhythm-and-blues sounds of the late 1950s and early 1960s, revealing a historically oriented approach to rock that is strikingly different from the common myths and conceptions about punk. Following these approaches, punk itself reflected new versions of older exchanges between the US and the UK, the changing environments of American suburbs and cities, and a shift from the expressions of older baby boomers to that of younger musicians belonging to Generation X. Throughout the book, Rapport also explores the discourses and contradictory narratives of punk history, which are often in direct conflict with the world that is captured in historical documents and revealed through musical analysis.

Eastern New York and Western New England May 28 2020

The Underground Railroad Sep 24 2022 The Underground Railroad was a complex network of secret routes, safe houses, and courageous men and women, both black and white, who helped slaves escape to free states and to Canada. "Conductors," such as Harriet Tubman, risked recapture in the South guiding slaves to freedom. Readers explore the formation of this extremely effective anti-slavery escape network and the people who made it work.

Yoga Journal Apr 26 2020 For more than 30 years, *Yoga Journal* has been helping readers achieve the balance and well-being they seek in their everyday lives. With every issue, *Yoga Journal* strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds. We are dedicated to providing in-depth, thoughtful editorial on topics such as yoga, food, nutrition, fitness, wellness, travel, and fashion and beauty.

The Open-Ended City Jan 24 2020 In 1980, David Dillon launched his career as an architectural critic with a provocative article that asked "Why Is Dallas Architecture So Bad?" Over the next quarter century, he offered readers of the *Dallas Morning News* a vision of how good architecture and planning could improve quality of life, combatting the negative effects of urban sprawl, civic fragmentation, and rapacious real estate development typical in Texas cities. *The Open-Ended City* gathers more than sixty key articles that helped establish Dillon's national reputation as a witty and acerbic critic, showing readers why architecture matters and how it can enrich their lives. Kathryn E. Holliday discusses how Dillon connected culture, commerce, history, and public life in ways that few columnists and reporters ever get the opportunity to do. The articles she includes touch on major themes that animated Dillon's writing: downtown redevelopment, suburban sprawl, arts and culture, historic preservation, and the necessity of aesthetic quality in architecture as a baseline for thriving communities. While the specifics of these articles will resonate with those who care about Dallas, Fort Worth, and other Texas cities, they are also deeply relevant to all architects, urbanists, and citizens who engage in the public life and planning of cities. As a collection, *The Open-Ended City* persuasively demonstrates how a discerning critic helped to shape a landmark city by shaping the conversation about its architecture.

Essays in the History of Canadian Law Jul 22 2022 These essays look at key social, economic, and political issues of the times and show how they influenced the developing legal system.

Notes from the Underground Nov 02 2020 *The Cinema of Emir Kusturica: Notes from the Underground* is the first book on the Sarajevan film-maker to be published in English. With seven highly acclaimed films to his credit, Kusturica is already established as one of the most important of contemporary filmmakers, with each of his films winning prizes at major festivals around the world. In covering films such as *Underground*, *Arizona Dream*, and *Black Cat, White Cat*, this timely new study delves into diverse facets of Kusturica's work, much of which is passionately dedicated to the marginal and the outcast, as well as discourses of national and cultural identity.

Der Underground war amerikanisch. Aug 23 2022 Aufbruch und Wandel von ‚1968‘ wurden von einer Medienrevolte getragen. Die Subkultur grenzte sich nicht nur ideologisch, sondern auch medial vom Mainstream ab. Sie kommunizierte über eigene Medien, die heute jedoch kaum mehr bekannt sind. „Agit 883“, „Pängg“, „Fizz“ oder „Gottfried's Jacke“, um nur wenige Beispiele zu nennen, waren das Sprachrohr des deutschen Underground. Auf den anarchisch collagierten Seiten dieser Zeitungen fanden sich Organisationsangebote für gemeinschaftliche Aktionen, Analysen über den Stand der Revolution, Besprechungen von Musik und Literatur und Kleinanzeigen. In der vorliegenden Publikation werden erstmals

sämtliche verfügbaren deutschen Underground-Zeitschriften der Jahre 1968 bis 1973 vollständig einbezogen und als Quellen für die Entstehung einer Alternativkultur ausgewertet. Nachgewiesen wird, welchen entscheidenden Einfluss die amerikanische „Counterculture“ der späten 1960er-Jahre auf die deutsche Subkultur hatte.

T.H. White's *The Once and Future King* May 08 2021 A critical study of T.H. White's classic Arthurian tetralogy.

Monthly Catalog of United States Government Publications Dec 23 2019

Post-Yugoslav Cinema Aug 19 2019 Drawing primarily on selected filmic texts from former-Yugoslavia, the book examines key social and political events that triggered the Yugoslav wars in the 1990s. Yugoslav politics and society are set within the broader artistic and cinematic strategies that helped stabilise post-Yugoslav territories strategies that were part of the national desire of looking forward to a time of 'perpetual peace' and its subsequent cosmopolitan norms. It argues that filmic texts demonstrate the degree to which nationalism was at the heart of the violent disintegration of Yugoslavia. Yet, the concern of the argument is not simply to offer a filmic critique but to develop an alternative to nationalism; namely, a theoretical framework through which cosmopolitan humanism is at the forefront of addressing former Yugoslavia's political wounds.

Von 'Art School' bis 'Underground Club' Mar 06 2021 London in den 1960er Jahren: Warum studierten so viele später berühmte Popmusiker wie Bryan Ferry an den ‚Art Schools‘? Was hat Pete Townshends Gitarrenzertrümmerung damit zu tun? Warum tauchten Plattencover der Popmusik auf, die bildende Künstlerinnen und Künstler gestalteten - wie etwa ‚Sgt. Pepper‘ und das ‚White Album‘ der Beatles? Warum entwickelten bildende Künstlerinnen und Künstler Lightshows zur Musik von ‚Soft Machine‘ und ‚Cream‘? Und welchen Einfluss hatten die neuartigen ‚Art Labs‘ auf David Bowies Karriere? Das Buch begibt sich auf Spurensuche der Entstehungskontexte und lässt dabei Räume wieder auferstehen, die längst vergessen schienen: ‚Art Schools‘, Galerien und ‚Underground Clubs und Labs‘. All diese ‚Interaktionsräume‘ förderten nicht nur das Zusammenkommen der Kunstformen, sondern ermöglichten es überhaupt erst. Was aber war an ihnen besonders und wie waren sie beschaffen? Erstmals wird hier die Historie erzählt, die zum intensiven Einfluss der visuellen Kunst auf die Popmusik in Großbritannien führte. Anna Braun studierte Kunst, Musik und Medien an der Philipps-Universität Marburg und Kunstgeschichte an der Freien Universität Berlin. Mit ihrer Dissertation über die Interaktion von visueller Kunst und Popmusik im London der 1960er Jahre wurden sie an der Humboldt-Universität zu Berlin promoviert. Sie arbeitete als Kunst- und Kulturvermittlerin und im Bereich Kunst im öffentlichen Raum. Aktuell ist sie als Mediatorin tätig.

Discovering the Underground with Snow White Dec 15 2021 Traditional Chinese edition of *Discovering the underground with Snow White*

Underground Modernity Oct 25 2022 The literary scholar Alfrun Kliems explores the aesthetic strategies of Eastern European underground literature, art, film and music in the decades before and after the fall of communism, ranging from the ‚father‘ of Prague Underground, Egon Bondy, to the neo-Dada Club of Polish Losers in Berlin. The works she considers are "underground" in the sense that they were produced illegally, or were received as subversive after the regimes had fallen. Her study challenges common notions of ‚underground‘ as an umbrella term for nonconformism. Rather, it depicts it as a sociopoetic reflection of modernity, intimately linked to urban settings, with tropes and aesthetic procedures related to Surrealism, Dadaism, Expressionism, and, above all, pop and counterculture. The author discusses these commonalities and distinctions in Czech, Polish, Slovak, Ukrainian, Russian, and German authors, musicians, and filmmakers. She identifies intertextual relations across languages and generations, and situates her findings in a transatlantic context (including the Beat Generation, Susan Sontag, Neil Young) and the historical framework of Romanticism and modernity (including Baudelaire and Brecht). Despite this wide brief, the book never loses sight of its core message: Underground is no arbitrary expression of discontent, but rather the result of a fundamental conflict at the socio-philosophical roots of modernity.

Great Danes of Today Mar 18 2022 GREAT DANES OF TODAY By BERYL LEE BOOKER A VINTAGE DOG BOOKS CLASSIC REPRINT Originally published in the 1930s, this very scarce early work on the Great Dane is both expensive and hard to find in its first edition. VINTAGE DOG BOOKS have republished it, using the original text and photographs, as part of their CLASSIC BREED BOOKS SERIES. The book's one hundred and fifty pages contain thirteen detailed chapters and many black and white photos of famous Great Danes of the Day : Danes of Today. Modern History. Choosing and Caring for a Dane. Breeding Problems. Breeding, Feeding and Rearing. Exhibiting Danes. Standard of Points. Pedigrees. Imported Danes. Charts of Line Breeding. Analysis of Litters. Heights. Appendix of Challenge Certificate Winners Since 1900. K.C.S.B. Members 1933-1937. Kennel Prefix and Affix. Also included are a number of illustrated advertisements for Great Dane Kennels. This is a fascinating read for any Great Dane enthusiast or historian of the breed, but also contains much information that is still useful and practical today. Many of the earliest dog breed books, particularly those dating back to the early 1900s and before, are now extremely scarce and increasingly expensive. VINTAGE DOG BOOKS are

republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. Keywords: Great Dane Great Danes Kennel Prefix Appendix Dane Kennels Line Breeding Books Series Breed Books Photos Of Famous Black And White Photos Certificate Winners Affix Beryl Modern History Litters Pedigrees 1930s
American International Pictures Jan 16 2022 American International Pictures was in many ways the "missing link" between big-budget Hollywood studios, "poverty-row" B-movie factories and low-rent exploitation movie distributors. AIP first targeted teen audiences with science fiction, horror and fantasy, but soon grew to encompass many genres and demographics--at times, it was indistinguishable from many of the "major" studios. From Abby to Zontar, this filmography lists more than 800 feature films, television series and TV specials by AIP and its partners and subsidiaries. Special attention is given to American International Television (the TV arm of AIP) and an appendix lists the complete AITV catalog. The author also discusses films produced by founders James H. Nicholson and Samuel Z. Arkoff after they left the company.

Illustrated Handbook of Succulent Plants: Monocotyledons Feb 23 2020 This handbook, consisting of six volumes, covers over 9000 taxa of succulents (excluding cacti), which have the ability to store water in their stems, leaves, or underground organs. In addition to the volumes on Monocotyledons and Dicotyledons, separate volumes are devoted to those families with predominantly succulent members, which show an especially great diversity, namely Aizoaceae, Asclepiadaceae and Crassulaceae. Following an alphabetical listing of families, genera and species, detailed descriptions are given, including the taxonomy with synonyms, data on the distribution and ecology, references, and keys to genera, species or subspecies. Over 2000 superb colour photographs complete this inventory of succulent plants.

Flowering Plants. Eudicots Jun 16 2019 This volume covers the orders Boraginales, Garryales and Solanales (except Convolvulaceae) of the Lamiids (Asterids I) as well as three unplaced families of that clade, i.e. Vahliaceae, Icacinaceae and Metteniusaceae, and the orders Aquifoliales, Escalloniales, Bruniales, Dipsacales and Paracryphiales of the Campanulids (Asterids II). It is the first of two final volumes to (almost) complete the treatment of the Asterids, which started with Vol. VI (Cornales, Ericales, 2004) and continued with Vol. VII (Lamiales, 2004) and Vol. VIII (Asterales, 2007). The present volume provides descriptions for 35 families and altogether 340 genera, including three genera of somewhat uncertain family affiliation. It provides identification keys for families within orders and for all genera within families, and also discusses probable phylogenetic relationships. The wealth of information contained in this volume makes it an indispensable source for all those working in pure and applied plant sciences.
