Annual Report of the Board of Regents of the Smithsonian Institution Mar 18 2021 [Waltzing Into the Cold War](#) Sep 04 2022 These halting efforts, complicated by the difficulties of managing the occupation along with Britain, France, and the Soviet Union, exacerbated an already monumental undertaking and fueled the looming Cold War confrontation between East and West."

[Restrained Response](#) Dec 15 2020 Axelsson provides an overview of American military novels set between 1945 and 1962. These are novels informed and inspired by the conditions and background of postwar occupation, the Korean War, and the early phases of the Cold War. More than 120 narratives are considered and evaluated from a literary point of view and discussed in terms of their contribution to the understanding that period in American life and literature. Of the books considered, 27 are given extended treatment--they were selected as being representative of socio-literary phenomena.

[Nutritional Needs in Cold and High-Altitude Environments](#) Jul 02 2022 This book reviews the research pertaining to nutrient requirements for working in cold or in high-altitude environments and states recommendations regarding the application of this information to military operational rations. It addresses whether, aside from increased energy demands, cold or high-altitude environments elicit an increased demand or requirement for specific nutrients, and whether performance in cold or high-altitude environments can be enhanced by the provision of increased amounts of specific nutrients.

Cultures at War Jun 28 2019 "These innovative essays compel us to reevaluate our understanding of the Cold War as a predominantly political and military event. Their consideration of a broad range of cultural forms--from literature and film to glossy magazines and body-building--reminds us that

the Cold War's influence on culture and its producers was as varied and complex as the Southeast Asian countries it touched. Lively and insightful, this rich collection is a valuable contribution to both Cold War studies and the modern histories of Southeast Asia."---Richard A. Ruth, Ph.D., Department of History, U.S. Naval Academy; and author of *In Buddha's Company: Thai Soldiers in the Vietnam War* **Cultures at War** examines how the cultures of postcolonial Southeast Asia responded to the Cold War. Based on fieldwork throughout the diverse region, these essays analyze the ways in which art, literature, theater, film, physical fitness programs, and the popular press reflected complex Southeast Asian reactions to the ideological conflict between the United States and the Soviet Union, and, to a degree, China. Determined to remain "nonaligned," artists synthesized traditional and modern, local and international sources to produce a vibrant constellation of work. For each of the national cultures discussed here, any Cold War tendency toward anxiety and conformity was challenged by creative pluralism and individual expression

Proclaiming the Truman Doctrine Nov 01 2019 In this work, Denise M. Bostdorff considers President Truman's address to a joint session of Congress on March 12, 1947. She focuses on the public and private language that influenced administration perceptions about the precipitating events in Greece and Turkey and explores the news management campaign that set the stage for Truman's speech. Bostdorff even examines how the president's health may have influenced his policy decision and how it affected his delivery of the address and campaign for congressional approval. After a rhetorical analysis of the Truman Doctrine speech, the book ends with Bostdorff's conclusions on its short- and long-term impact. She identifies themes announced by Truman

that resound in U.S. foreign policy down to the present day, when George W. Bush has compared his policies in the war on terror to those of Truman and members of his administration have compared Bush to Truman. This important work is a major contribution to scholarship on the presidency, political science, and public rhetoric.

[The Zookeepers' War](#) Jan 28 2022 The unbelievable true story of the Cold War's strangest proxy war, fought between the zoos on either side of the Berlin Wall. "The liveliness of Mohnhaupt's storytelling and the wonderful eccentricity of his subject matter make this book well worth a read." —Star Tribune (Minneapolis) Living in West Berlin in the 1960s often felt like living in a zoo, everyone packed together behind a wall, with the world always watching. On the other side of the Iron Curtain, East Berlin and its zoo were spacious and lush, socialist utopias where everything was perfectly planned... and then rarely completed. Berlin's two zoos in East and West quickly became symbols of the divided city's two halves. So no one was terribly surprised when the head zookeepers on either side started an animal arms race—rather than stockpiling nuclear warheads, they competed to have the most pandas and hippos. Soon, state funds were being diverted toward giving these new animals lavish welcomes worthy of visiting dignitaries. West German presidential candidates were talking about zoo policy on the campaign trail. And eventually politicians on both side of the Wall became convinced that if their zoo proved to be inferior, that would mean their country's whole ideology was too. A quirky piece of Cold War history unlike anything you've heard before, *The Zookeepers' War* is an epic tale of desperate rivalries, human follies, and an animal-mad city in which zookeeping became a way of continuing politics by other means.

The Cold War Aug 03 2022 The Cold War is one of the furthest-reaching and longest-lasting conflicts in modern history. It spanned the globe - from Greece to China, Hungary to Cuba - and lasted for almost half a century. It has shaped political relations to this day, drawing new physical and ideological boundaries between East and West. In this meticulously researched account, Bridget Kendall explores the Cold War through the eyes of those who experienced it first-hand. Alongside in-depth analysis that explains the historical and political context, the book draws on exclusive

interviews with individuals who lived through the conflict's key events, offering a variety of perspectives that reveal how the Cold War was experienced by ordinary people. From pilots making food drops during the Berlin Blockade and Japanese fishermen affected by H-bomb testing to families fleeing the Korean War and children whose parents were victims of McCarthy's Red Scare, *The Cold War* covers the full geographical and historical reach of the conflict. Accompanying a landmark BBC Radio 4 series, *The Cold War: Stories from the Big Freeze* is essential reading for anyone seeking to understand how the tensions of the last century have shaped the modern world, and what it was like to live through them.

Cold Wind Jan 04 2020 "Cold Wind", by Nicola Griffith, is a dark fantasy tale about a woman who enters a Seattle bar on a cold wintry night in the midst of the Christmas holidays, searching for something...or someone. Cold War Games Apr 30 2022 Zwischen Computerspielen und Kaltem Krieg besteht eine enge Verbindung. Nicht nur entstammen die technischen Grundlagen des Mediums den Technologien des Systemkonfliktes. Seit seinen frühesten Tagen hatte das Unterhaltungsmedium auch etwas dazu zu sagen, was der Kalte Krieg war und bedeutete. In einer Reihe von exemplarischen Analysen beleuchtet diese Studie, wie Computerspiele ihren medienspezifischen Beitrag zur Konstruktion des Kalten Krieges im historischen Kontext der letzten Phase des Systemkonfliktes leisteten. Sie erwiesen sich dabei als Übersetzer von Spezialwissen des Kalten Krieges in die Populärkultur und als diskursive Gratwandler zwischen Simulation und Spiel. Die Studie leistet damit einen Beitrag zum Verständnis von Computerspielen als kulturgeschichtliche Quellen.

Orphans of the Cold War Jun 01 2022 We also meet Gyalo Thondup, the Dalai Lama's older brother and perhaps Tibet's greatest behind-the-scenes activist; his equally dedicated brother Takster Rimpoche; Gyalo's lifelong friend and the unsung hero of the resistance, Lhamo Tsering; Gampo Tashi, the Khampa trader who unified his sometimes fractious countrymen to present an organized challenge to the Chinese; and the ordinary Tibetans who bravely returned to support their fellow insurgents inside Tibet.

I was a Cold War Monster Jun 20 2021 Horror films provide a guide to many of the sociological fears of the Cold War era. In an age when warning audiences of impending death was the order of the day for popular nonfiction, horror films provided an area where this fear could be lived out to its ghastly conclusion. Because enemies and potential situations of fear lurked everywhere, within the home, the government, the family, and the very self, horror films could speak to the invasive fears of the cold war era. *I Was a Cold War Monster* examines cold war anxieties as they were reflected in British and American films from the fifties through the early sixties. This study examines how cold war horror films combined anxiety over social change with the erotic in such films as *Psycho*, *The Tingler*, *The Horror of Dracula*, and *House of Wax*.

The Cold War Aug 23 2021 The definitive history of the Cold War and its impact around the world We tend to think of the Cold War as a bounded conflict: a clash of two superpowers, the United States and the Soviet Union, born out of the ashes of World War II and coming to a dramatic end with the collapse of the Soviet Union. But in this major new work, Bancroft Prize-winning scholar Odd Arne Westad argues that the Cold War must be understood as a global ideological confrontation, with early roots in the Industrial Revolution and ongoing repercussions around the world. In *The Cold War*, Westad offers a new perspective on a century when great power rivalry and ideological battle transformed every corner of our globe. From Soweto to Hollywood, Hanoi, and Hamburg, young men and women felt they were fighting for the future of the world. The Cold War may have begun on the perimeters of Europe, but it had its deepest reverberations in

Asia, Africa, and the Middle East, where nearly every community had to choose sides. And these choices continue to define economies and regimes across the world. Today, many regions are plagued with environmental threats, social divides, and ethnic conflicts that stem from this era. Its ideologies influence China, Russia, and the United States; Iraq and Afghanistan have been destroyed by the faith in purely military solutions that emerged from the Cold War. Stunning in its breadth and revelatory in its perspective, this book expands our understanding of the Cold War both geographically and chronologically, and offers an engaging new history of how today's world was created.

A Guide to the Study and Use of Military History Nov 25 2021 This Guide to the Study and Use of Military History is designed to foster an appreciation of the value of military history and explain its uses and the resources available for its study. Southeast Asia and the Cold War Oct 13 2020

The origins and the key defining moments of the Cold War in Southeast Asia have been widely debated. This book focuses on an area that has received less attention, the impact and legacy of the Cold War on the various countries in the region, as well as on the region itself. The book contributes to the historiography of the Cold War in Southeast Asia by examining not only how the conflict shaped the milieu in which national and regional change unfolded but also how the context influenced the course and tenor of the Cold War in the region. It goes on to look at the usefulness or limitations of using the Cold War as an interpretative framework for understanding change in Southeast Asia. Chapters discuss how the Cold War had a varied but notable impact on the countries in Southeast Asia, not only on the mainland countries belonging to what the British Foreign Office called the "upper arc", but also on those situated on its maritime "lower arc". The book is an important contribution to the fields of Asian Studies and International Relations.

Post-Cold War Conflicts in Africa Jun 08

2020 Using Liberia and Somalia as case studies, *Post-Cold War Conflicts in Africa* analyses how the post Cold War conflicts in these two countries and their management differed from what they would have been

during the Cold War era. It shows for instance that while in Liberia the major powers appeared content to cede the management of the conflict to the sub-regional group, ECOMOG, in Somalia, the conflict appeared to be turned into an arena for simple military experiment without any of the old Cold War ideological rivalries playing any role in its trajectory or management. The book argues that the end of the Cold War offers an opportunity for the successful use of a new approach to conflict management in the continent, which would be anchored on traditional African diplomacy. This new approach would involve a triumvirate of eminent men and women from the continent, regional peacekeeping forces, and the warring factions themselves working in concert to replace the rifle with 'talking till every one agrees'

The Cold War Mar 06 2020 "Outstanding . . . The most accessible distillation of that conflict yet written." —The Boston Globe "Energetically written and lucid, it makes an ideal introduction to the subject." —The New York Times The "dean of Cold War historians" (The New York Times) now presents the definitive account of the global confrontation that dominated the last half of the twentieth century. Drawing on newly opened archives and the reminiscences of the major players, John

Lewis Gaddis explains not just what happened but why—from the months in 1945 when the U.S. and the U.S.S.R. went from alliance to antagonism to the barely averted holocaust of the Cuban Missile Crisis to the maneuvers of Nixon and Mao, Reagan and Gorbachev. Brilliant, accessible, almost Shakespearean in its drama, *The Cold War* stands as a triumphant summation of the era that, more than any other, shaped our own. Gaddis is also the author of *On Grand Strategy*.
