Brain, our Student Guides are divided into two key sections - content guidance, and sample questions and answers. Content guidance will: - Develop understanding of key concepts and terminology; this guide covers foundations in psychology: social psychology, cognitive psychology, biological psychology and learning theories. - Consolidate knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build understanding of the different question types, so

that students can approach each question with confidence. - - Enable students to target top grades in Paper 1 with sample answers and commentary explaining exactly why marks have been awarded.
