Your Life Calling Sep 07 2022 Jane Pauley, “America’s baby boomer” (Tom Brokaw) and the new anchor of CBS Sunday Morning, offers an inspirational guidebook “chockablock with keen insights for career transitions” (USA TODAY). In 2014, every baby boomer will have reached the milestone age of fifty. For most, it’s not an end, but the beginning of something new. Research has shown that people in their fifties are more vital now than they were only ten years ago. They’re saying, “I’m game, I’m up for it, I want to do more.” Jane Pauley, one of America’s most beloved and trusted broadcast journalists, offers humor and insight about the journey forward. The New York Times bestseller *Your Life Calling* is a fresh look at ideas that have been simmering since boomers first entered midlife with a different perspective on the future than any generation before: that there was more to come—and perhaps the best of all. Jane is not an advice giver but a storyteller. Here she tells her own and introduces readers to the fascinating people she has featured on her award-winning Today show segment, “Life Reimagined Today.” You’ll meet Betsy McCarthy, who traded in her executive briefcase for knitting needles; Gid Pool, who launched a career as a stand-up comic; Richard Rittmaster, who joined the National Guard Chaplain Corps; Trudy Lundgren, who took her home on the road in an RV; Paulie Gee, who opened a successful pizzeria in Brooklyn; and many more. “Jane Pauley is a wonderful guide to all the different ways you can open new doors in life, many of which lead to unexpected places. She shows with humor and insight why the journey to reinvention can come from all kinds of places and produce all kinds of joys” (Michael J. Fox). *Your Life Calling* is delightful, compelling, and motivating for anyone asking “What am I going to do with my supersized life?”

So What's in the Petri Dish, Dr. Periwinkle? Jun 04 2022 So whats in the Petri dish Dr. Periwinkle? A Synopsis: Whats it like to know that your future and a decision that could possibly change your future in a huge way is going to be decided not as much by scientists, but by politicians? Thats exactly what Dr. Oliver Periwinkle learns only after a few months as Chair of the Albert Einstein Department of Science and Technology at Belvedere Crossing University. Excited by the prospect of joining the faculty of one of the nations pre-eminent research institutions in the fall of 2000; he brings with him the promise of a significant federal grant to continue a highly controversial Stem cell initiative. Obviously life is good. But as quickly as fortunes can blossom, they can turn, and turn they do as a bizarre series of events start to unfold. So begins the often amusing and delightful romp through the Halls of Letters that chronicle a litany of asinine behavior, a gluttony of academic has-beens, political crackpots, government double-talk and of course corruption and greed. So whats in the Petri dish is set in a university environment fractured by cynicism and an insanity that has run-a-muck. Periwinkle encounters a host of good guys and bad guys, G-men and Wise-guys in a brush with Nobel Prize fortune and fame; corporate espionage and congressional hearings where I have no recollection of that Senator, more often than not is bellowed by just about anyone with something to hide. It is an exaggeration of the absurda microcosm that peeks behind its own closed doors, secret files, and clandestine meetings only to discover time and time again, the enemy is us. So whats in the Petri dish is the coming of age of a nave latter day scholar who is indoctrinated to a culture of perpetual chaos as a university transforms in the midst of perhaps one of the greatest scientific discoveries of our time. Here we get a glimpse of idealism as it comes face to face with reality while society struggles with a phenomenon that will ultimately shape and define its values. Alas, So whats in the Petri dish is a venture into higher educations inner sanctum; yet never once promising the reader to emerge any smarter, but perhaps wiser for making the journey. Many deem it a clear case of morality vs. mortality, rightor is it? Ever since that sheep, I know Ive been a little curious. What about you? Dr. Michael Fontaine is a university Professor, former journalist and freelance photographer.

Raising Animals for Fiber Apr 21 2021 *Fiber Animals for the Backyard and Hobby Farm* Raising backyard fiber animals is rising in popularity, as more and more people seek traditional textiles for yarn-focused crafts like knitting, crocheting, and weaving, as well as spinning, embroidery, needlepoint, needle felting, wet felting, and fiber dyeing. This book offers an essential

reference for anyone who is considering their own production of animal fibers. Author and fiber farmer Chris McLaughlin provides a comprehensive introduction to raising livestock for wool. With practical information for the aspiring beginner, Chris helps you to decide which species will best serve your own lifestyle criteria and needs. Inside Raising Animals for Fiber · Comprehensive guide to raising sheep, goats, angora rabbits, and alpacas · Practical information on housing, fencing, feed, grooming, shearing, plucking, basic health care, breeding and birthing. · Comparison of popular breeds and how their fiber differs from breed to breed. · Frank discussion of the energy and commitment that it takes to raise livestock, and how much room and land each animal species will need. · Essential biosecurity practices to prevent spreading pests and infectious animal diseases. · Advice on hand spinning and crafts to utilize your homegrown fiber.

How Stella Saved the Farm Mar 21 2021 Inspired by George Orwell's *Animal Farm* and the international bestseller *Our Iceberg is Melting*, *How Stella Saved the Farm* is a simple parable about embracing change and managing innovation in difficult times. Bankruptcy, or the grim prospect of being acquired by a hostile human competitor, threatens Windsor Farm. But when a young sheep called Stella comes up with a bold idea, will the other animals be able to respond to her ambitious call to action? Grounded in over a decade of academic research, *How Stella Saved the Farm* will resonate for organizations of all types, from global corporations to small companies looking to embrace change. With eight simple lessons to guide new initiatives to success, it prepares readers to avoid some of innovation's most toxic myths, how to build the right kind of team, and how to take their business to the next level in a fast-changing world.

CIRCLE TO CIRCLE Jun 11 2020 The Bergalia Boys--Wade Stubbs and Philip Atkinson--have been mates for a very long time. Well over thirty years, in fact, which is pretty good considering we are only thirty-five. The basic concept of our ride, "Circle to Circle - Miles for Wishes" has, in one form or other, been around for nearly as long. Growing up, we were just a couple of kids knocking round on dirt bikes much like anyone else. We rode every chance we had, but I didn't think riding everywhere would ever actually get us anywhere!

The Cowboy's Sweetheart Mar 09 2020 Cowgirl Andie Forester let an unexpected kiss turn into something more with cowboy Ryder Johnson. He's her best friend—and the man she's secretly loved forever. But when Andie discovers she's carrying his child, she turns to her newfound faith instead of the friendship now lost to her. Until Ryder comes blaring into Dawson, Oklahoma, proposing marriage—for the right and wrong reasons. Andie longs to say yes. But commitment-shy Ryder will have to say three little words first. And mean them from his cowboy's heart.

Alpaca Ranch Fun! Jan 31 2022 Aunt K owns a farm where alpacas and a menagerie of other animals live. Three yorkies—Jingle, Jaywok, and Joi Daisy—visit the farm and learn about the different animals including some of the history of these great animals. The yorkies become good friends with June and Josie, a couple of young alpacas. Jingle, Jaywok, and Joi Daisy also meet Betty, the sled dog, a world class athlete who competed in the Iditarod. The farm is home to many more animals, and the yorkie pups think it's great fun to learn about creatures from different parts of the world. This picture book for children shares the message that you can be friends no matter what color, size, and background you come from.

Nature, the Soul, and God Jul 13 2020 The complete title of one of the most famous works ever written, Isaac Newton's *Principia*, was actually *Philosophiae Naturalis Principia Mathematica*, or *The Mathematical Principles of Natural Philosophy*. Sadly, many contemporary philosophers would be hard-pressed to say just what natural philosophy (or philosophy of nature) is all about. Without question, the philosophy of nature has received relatively less attention than ethics and metaphysics for some time. In *Nature, the Soul, and God*, Jean W. Rioux has brought together a number of important readings in natural philosophy, from the Pre-Socratic philosophers and Aristotle to the 19th-century entomologist Jean-Henri Fabre. Collectively, they present three ways in which one might conceive of the natural world in a pre-scientific reflection upon the way things are: either the classical materialism of Empedocles, Democritus, and Epicurus, the formalism of Plato, or the hylomorphic view espoused and defended by Aristotle and Thomas Aquinas. In the sections following the consideration of nature are selections from these representative views concerning the immortality of the soul and the existence of God. Through the medium of philosophers both ancient and modern, Rioux makes the point that one's philosophical account of the natural world will have an impact upon how one regards human nature, as well as divinity itself. It all begins with nature.

Wool Over Your Eyes Jul 05 2022 Can you believe it? I don't know the difference between knitting needles or fiddlesticks, but my sweet neighbor ladies invited me on their yarn crawl. They even coerced me into signing up for knitting class, even though I don't work well with Others. I voted for best afghan, but turns out I made another big Oasis mistake. Next thing I know, I'm

accused of murdering the knitting instructor, even though I cannot knit or crochet. Lemme tell ya, the inside of the Pima County Jail needs a professional decorator. I must've done something wrong in my past lives, and now karma is paying me back. Giselle, the dead, mummified, former owner of our metal shed/park model, returns sharing words of wisdom. Last thing I need is a guardian angel instructing me on how to survive living behind the Oasis' Pearly Gate. Philly decides he wants to buy a brand-spanking new car, but I wasn't having it. Showing him what I thought about his spendthrift ways, I left him in the dealership and found myself shopping in Huey's Pawn & Swap. You won't believe what happened there. Follow this ol' Texas gal and my Sweetie Bastard as we traverse the wild streets of Tucson. If you stick around long enough, I might read your palm, but first I finish reading the instruction book.
