[Mothers of Sons](#) Dec 03 2019 This book explores the complex and rewarding relationship between mothers and their sons. It begins with a survey of the literature on the mother/son relationship. The main part of Forcey's study is based on the oral histories of 120 mothers in which they reveal their feelings of responsibility toward their sons, their expectations, and how they communicate. The book closes with three "portraits" of women who describe their relationships with their sons and how they have changed over time and through such upheavals as mothers returning to work and divorce. In examining the mother/son relationship, Mothers of Sons ultimately questions whether or not mothers foster sexist masculinity and whether they can be blamed for male dominance.

[Every Child Needs a Praying Mom](#) Jan 04 2020 What principles enabled the concerned mom of two junior high school students to move from deciding she needed to pray for her kids at school to becoming the founder of a worldwide prayer movement called Moms In Touch International? Fern Nichols is a passionate believer in the power of prayer. She knows that a regular habit of prayer can change things--can bring home wayward children, heal broken marriages, and provide answers to desperate situations. Prayer can also bring a new kind of peace and contentment no matter what hardships or disappointments we face. But most important, Fern knows that through prayer we can experience, firsthand, an ever-increasing intimacy with God. In Every Child Needs a Praying Mom, Fern Nichols now shares how she has taught women to pray in a way that changes their lives and the lives of those they love. She teaches the principles and practices that will not only revolutionize

the way people think about prayer, but the way they do pray, leading them into a deeper intimacy with Jesus, who is always interceding on our behalf. Sparkling with real life stories of God at work in the lives of praying moms, Fern introduces us to the four prayers that are the foundation of the Moms In Touch approach to prayer: Praise: Praying according to the attributes of God Confession: Breaking strongholds Thanksgiving: Expressing a grateful heart Intercession: Standing in the gap with Jesus What transforms these well-known elements of prayer into such a powerful force in Moms In Touch International? Fern Nichols introduces a way of praying that energizes, creates an appetite for intimacy with God, overcomes spiritual paralysis, eliminates fear, unveils the heart and character of God and transforms the pray-er's life and perspective. She teaches how to pray effectively with others, how to prepare for the spiritual battles that swirl when prayer is on the move, how to persist in prayer in the face of hopelessness and despair, and how to use Scripture for effective prayer. Every Child Needs a Praying Mom will do just that. God hears. God acts. God moves. God works.

Just for You, Mom (eBook) _____ Jul 10 2020 JUST FOR YOU, MOM is a book about the experience of a mother's love. It tells the story of the author's first great love, and brings to life the fine interplay and high regard that characterizes a relationship between a mother and son. JUST FOR YOU, MOM looks at different aspects of motherhood: a mother as comforter, teacher, friend, example and confidante. But above all it is about a mother and her relationship with God; a mother and prayer. Such prayers create a cloud of security, the circle of light in which the angels work. This is the all-embracing love of a mother for her child.

Kisses of Sunshine for Moms Jul 30 2019 A delightful collection of stories on the joys and frustrations of being a mom.

Mommy Time Jan 16 2021 Every new mom experiences a myriad of emotions—joy, love, the frightening, yet terrific reality that you are now responsible for a tiny little dependent. And in the midst of all these emotions—and burpings, feedings, diaper changes, and quick naps—moms need to be reminded of God's awesomeness. In this gift-like book, new mom and best-selling author Sarah Arthur writes about how delivering her son three weeks early reminds her of God's timing, how her trip home from the hospital with her newborn son tucked away in his car seat points to God being in control even when she is fearful, and how a mom's concern over friendly strangers touching her young child in the grocery store also reminds her that people are sent to help. In a fresh and contemplative style, Arthur sits alongside Mom and helps her understand that God is in control . . . even when her life feels drastically out of control. This devotional will be a great companion for Mom during the small amount of time she gets to sit and be still and think of the truths of God's word, while relating it to her new favorite

subject—her baby.

[Why a Son Needs a Mom](#) Sep 04 2022 The fourth book in the Family Matters series, *Why a Son Needs a Mom* is a reminder of the important roles a mother plays in a boy's life, as he experiences warmth and security from her and learns to be confident, loving, and accepting of others - in preparation for possibly being a father himself someday.

Breaking the Mother-Son Dynamic Oct 05 2022 Therapists and the general public are familiar with the terms "(s)mothering," "helicopter moms," and "boomerang sons" because they have been popularized in films like *Monster in Law*, *Cyrus* and *Failure to Launch*—but what makes for humorous fodder onscreen depicts a troubling issue that's being played out for real in therapists' offices, bedrooms, and divorce courts across the nation: an epidemic of men who are enmeshed in unhealthy, energy-sucking, and emasculating relationships with their mothers. Even though these men are grown and living away from Mom, her influence has left them unable to fully commit or to fully love, and they are plagued with anger issues, indecisiveness, depression, or toxic stress. In *Breaking the Mother-Son Dynamic*, John Lee takes an eye-opening look at how a mother's love or lack thereof impacts a son's life choices and life partner or lovers. Perhaps you are one of these men (or maybe you recognize these behaviors in the man you love). Do you hold back, swallow, or bottle up things you wish you could say to your mother for fear it would upset or "kill" her? Did you grow up hearing negative things about men, masculinity, being a male, and how you shouldn't be like 'the rest of them'? Does your mother, or did she, fail to respect your boundaries as a child, adolescent, or adult? Does your mother keep referring to you as her "baby" or her "little boy" even after you became an adult? If you answered "yes" to any of these questions, you may be caught in an unhealthy mother-son dynamic that is negatively affecting key areas of your life. Several years ago, John Lee wrote what came to be the most authoritative book on why men run from relationships, *The Flying Boy: Healing the Wounded Man*. Here, he visits the mother-son relationship and gently but assertively shows men how to separate from the mother energy that has a massive pull on their hearts and souls, no matter how young or old they may be. In a work that is a combination of memoir, self-help psychology, recovery and personal growth, he discovers: why a relationship of 50-50 responsibility doesn't work, and what does work; how men can stop "sonning" mothers, lovers, and wives; why one must learn his or her own "rhythm of closeness"; how to be really present to those we love and to life itself; and much, much more. Using case studies, personal stories, and assessments, the book helps men release any anger and grief toward their mothers and teaches them how to take responsibility for their adult selves; most importantly, Lee provides an understanding of what healthy adults should—and shouldn't—expect from each other. Lee shows wives and girlfriends how to stop being their man's surrogate mother and shows well-meaning mothers how certain behaviors may perpetuate an unhealthy cycle and how to better relate to their sons in healthier ways. By helping mothers and sons identify this dynamic and providing them with the tools to dismantle it, this book will change lives. For anyone who is ready to make a clean, clear, and guilt-free separation from the kind of (s)mothering and "sonning" that just hasn't worked, John Lee will show them the way.

Beyond the Mommy Years Oct 01 2019 Full of research-based tips and real-world wisdom, this book is a guide for mothers on how to thrive as they transition to their empty nest years. Thirty million mothers between 40 and 60 years old are about to face childless households for the first time in decades. For some women, it is a lonely and confusing time; but for the vast majority, it's a journey of joy and discovery. Through intensive and wide-ranging original research, author Carin Rubenstein reveals how and why some mothers thrive and others do not. She breaks the post-motherhood launch down into three stages--grief, relief, and joy. If a woman makes it through to the final stage, friendships blossom, work thrives, and she develops a renewed sense of confidence and well-being. While in many instances, increased time together hastens the end of a struggling marriage, most women discover their relationships improve when children leave. Beyond the Mommy Years offers fascinating research, helpful advice, and amusing anecdotes to the millions facing this uncertain but potentially enriching stage of life.

"An encouraging counterargument to the idea that an empty nest leads to an empty life." -- Library Journal "Carin Rubenstein, PhD., nails it: Any woman worried about her post-car pool life should read this book." -- Sally

Koslow, mother of two sons in their twenties, and author of Little Pink Slips "Beyond the Mommy Years bridges the knowledge void felt by so many moms after their children leave for college...A thoughtful discussion of the positive changes that lie ahead for mothers after our children are launched.

While parenting never ends, this book provides moms with the tools to live a rich and full life." -- Linda Perlman Gordon & Susan Morris Shaffer, co-authors of Mom, Can I Move Back in with You?

The Passionate Mom Dec 27 2021 Motherhood is full of uncertainty. What do my children really need? Why are they doing that? Is this normal? What can I do to help them? How can I know for certain that I am doing this right? The logistics are easy. Anybody can do laundry and carpool. But what makes a mother the best mom she can be? It's not better scheduling. Or more activities. Or less. It is passion—the passion to teach, protect, study, and prepare her children for the future. Great, but how? Susan Merrill, the mother of five incredibly different children, has asked that question countless times. And she has read countless answers specific to a certain child's temperament, age, or situation. But nothing she read offered an overall approach to parenting that would enable her to say with confidence, "I am doing this right." She never guessed she would find a foundational plan—a reliable, universal parenting approach in the Old Testament book of Nehemiah. In The Passionate Mom, Susan takes you on a journey through Nehemiah and into the heart of parenting. Her stories and confessions in every chapter reveal what she has learned: no mom can control her child's future, but every mom can parent well. There is a plan—a roadmap for how a passionate mom can parent almost any child, confidently. "...This book reaches mothers like me at both the heart level and the head level, showing us how to guide our children passionately and practically..." --Shaunti Feldhahn, social researcher, national speaker and best-selling author of "For Women Only" "Being a mother is the greatest joy of my life. My friend Susan Merrill regularly inspires me in my role as a Mother. In her book, she will inspire you!" --Denise Jonas, Mother of Kevin, Joe, Nick and Frankie Jonas "Every mother's goal is to see her children fully blossom. In 'The Passionate Mom' Susan Merrill not only outlines the qualities women need to be successful moms, but also lays out a practical, biblical plan to help develop those qualities. She provides sound advice to help in the difficult task of raising children." --Lauren and Tony Dungy

Boys really do think, communicate, and process the world differently than girls. But no matter your son's age, he needs you, and he needs you in not-so-apparent ways. Fuller is a speaker and author, as well as mother of three (two boys and a girl) and grandmother of six. She lists specific activities that all sons need from their mothers, such as encouragement, communication, prayer, and confidence-building.
