Heimkehren Aug 10 2020 Obwohl Effia und Esi Schwestern sind, lernen sie sich nie kennen, denn ihre Lebenswege verlaufen von Anfang an getrennt. Im Ghana des 18. Jahrhunderts heiratet Effia einen Engländer, der im Sklavenhandel zu Reichtum und Macht gelangt. Esi dagegen wird als Sklavin nach Amerika verkauft. Während Effias Nachkommen über Jahrhunderte Opfer oder Profiteure des Sklavenhandels werden, kämpfen Esis Kinder und Kindeskinde ums Überleben: auf den Plantagen der Südstaaten, während des Amerikanischen Bürgerkrieges, der Großen Migration, in den Kohleminen Alabamas und dann, im 20. Jahrhundert, in den Jazzclubs und Drogenhäusern Harlems. Hat die vorerst letzte Generation schließlich die Chance, einen Platz in der Gesellschaft zu finden, den sie Heimat nennen kann und wo man nicht als Menschen zweiter Klasse angesehen wird? Mit einer enormen erzählerischen Kraft zeichnet Yaa Gyasi die Wege der Frauen und ihrer Nachkommen über Generationen bis in die Gegenwart hinein. ›Heimkehren‹ ist ein bewegendes Stück Literatur von beeindruckender politischer Aktualität. Sorel manages to cynically and hypocritically manipulate those around him to gain a position as a secretary with a prominent Marquis--and to seduce his employer's beautiful daughter, Mathilde. But he doesn't love Mathilde--doesn't love anyone, really--and when he murders another woman with whom he's had an affair, the law inexorably grinds him in its gears. He refuses the assistance of his "wife," and proudly goes to his rendezvous with La Guillotine. His death, after all, is the only real protest he can make! First-rate drama by a master playwright.

[The Red and the Black](#) Aug 02 2022 *Le Rouge et le Noir* (French meaning The Red and the Black) is a historical psychological novel in two volumes by Stendhal, published in 1830. It chronicles the attempts of a provincial young man to rise socially beyond his modest upbringing through a combination of talent, hard work, deception, and hypocrisy. He ultimately allows his passions to betray him. The novel's full title, *Le Rouge et le Noir: Chronique du XIXe siècle* (The Red and the Black: A Chronicle of the 19th Century), indicates its twofold literary purpose as both a psychological portrait of the romantic protagonist, Julien Sorel, and an analytic, sociological satire of the French social order under the Bourbon Restoration (1814-30). In English, *Le Rouge et le Noir* is variously translated as *Red and Black*, *Scarlet and Black*, and *The Red and the Black*, without the subtitle.

*Red and Black* Jan 27 2022 A masterpiece of nineteenth-century literature in a fresh translation that fully captures the language, psychology, and social reach of Stendhal's original Fueled with a combustible mix of ambition, naivete, and Napoleonic ideals, Julien Sorel sets his sights on the heights of French society. But for the son of a provincial carpenter in post-Napoleonic France, the prospects for advancement are vanishingly narrow, the chances for glory rarer yet. After securing a toehold as a tutor to a wealthy family, Julien proceeds through a series of misadventures, illicit affairs, and lucky reversals to breach the ranks of French aristocracy—only to be undone by treasonous schemes, cynical romantic calculations, and an unexpectedly genuine and ultimately disastrous passion. Shocking at the time of its original publication, startling in its relevance today, Stendhal's masterpiece is a scorching social satire, a remarkably detailed portrait of a fraught moment in history and, as perhaps the first psychological novel, a brilliant precursor to modern literature at once comical and tragic, cerebral and passionate. This new translation faithfully reproduces the nimble wit, emotional depth, and social acuity of Stendhal's text. Distinguished translator Raymond N. MacKenzie includes an extensive introduction to Stendhal's world and time, as well as copious annotations that explain allusions and terms for the modern reader.

*The Red and the Black* Sep 22 2021 In this vigorous and fast-moving novel of post-Napoleonic France, Julien Sorel's plans to reach the higher echelons of society through the priesthood are defeated by his realization that the attainment of happiness is of greater consequence than the pursuit of ambition. Subtitled 'A Chronicle of 1830', Stendhal's depiction of a nation of smug hypocrites scandalized contemporary readers, who recognized themselves or their peers and felt uncomfortable with the energy, imagination, and sincerity of a hero so patently inspired by their lately deposed Emperor. Julien's restless energy is fully captured in this specially commissioned translation of one of the world's great novels.

*Stendhal - The Red and the Black* Feb 02 2020 Marie-Henri Beyle was born on January 23rd 1783 in Grenoble, Isere. He is known to us all by his pen name; Stendahl. He spent much of his childhood in an unhappy state, mourning his beloved mother who died when he was 7 and disliking his unimaginative father. His early career was in the military and theatrical worlds of the First French Empire. He was an auditor with the Conseil d'Etat and took part in the French administration and the Napoleonic wars in Italy. He also travelled extensively in Germany and was part of Napoleon's army in the 1812 invasion of Russia. After the 1814 Treaty of Fontainebleau, he left for Italy and settled in Milan. He adored Italy and was to spend much of his career there, serving as French consul at Trieste and Civitavecchia. Stendhal was a dandy and wit about town in Paris, and an inveterate womaniser, obsessed with his sexual conquests. His genuine empathy towards women is evident in his books. One of his early works is *On Love*, a rational analysis of romantic passion that was based on his unrequited love for Mathilde, Countess Dembowska, whom he met while living at Milan. This fusion and tension between, clear-headed analysis and romantic feeling is typical of Stendhal's great novels. Indeed Stendahl was a forerunner of the Romantic Realist movement. Stendhal suffered miserable physical disabilities in his final years though he continued to produce much of his most famous work. To treat his syphilis he was taking iodide of potassium and quicksilver. A treatment whose side effects were measurably worse than the effects of the syphilis itself. Stendhal died on 23 March 1842, a few hours after collapsing with a seizure on the streets of Paris. He is interred in the Cimetiere de Montmartre.

Wie der Leopard zu seinen Flecken kam Jun 27 2019 Der berühmte Autor des «Dschungelbuchs», Rudyard Kipling, hat diese Tiergeschichten ursprünglich seinen Kindern Josephine, Elsie und John zum Einschlafen erzählt, bevor sie dann 1902 unter dem Titel «Just So Stories For Little Children» in London erschienen. «Just so» im Sinne von «genauso (und nicht anders)», weil seine Tochter Josephine wieder gänzlich wach zu werden drohte, wenn er etwas wegließ. Auf originelle und ironische Weise werden kindliche Warum-Fragen zum Ausgangspunkt für die abenteuerlichsten Erklärungen, wie etwa das Kamel zu seinem Höcker kam, warum der Elefant so einen langen Rüssel hat und wie das Alphabet entstand. Kipling, auch ein begabter Zeichner, steuerte zu der Buchausgabe auch eigene Illustrationen bei. Unsere Ausgabe folgt der ersten deutschen Übersetzung unter dem Titel «Nur so Märchen» aus dem Jahre 1903 von Sebastian Harms.

**On Love Sep 10 2020** Inspired by his unrequited passion for the Countess Dembowska, Stendhal brings together logical, clear-sighted analysis with all-consuming emotion to remarkable effect in this unique treatise. Stendhal begins his study by classifying the different types of love—romantic, passionate, or courtly—and then muses on the causes of love's birth. He identifies the seven stages of falling in love and proffers wise advice for the ardent lover on a variety of topics, including how to "crystallize" the object of one's desire. Yet beneath these clever philosophical musings, Stendhal makes a desperate attempt to reconcile and dispel his own tortured emotions.

**The Red and the Black: (translated with an Introduction by Horace B. Samuel) Mar 17 2021** First published in 1830, "The Red and the Black," is widely considered the masterpiece of 19th century French author Marie-Henri Beyle, known more commonly by his pen name, Stendahl. It follows the ambitions of Julien Sorel, a young man raised in the French countryside who wishes to rise above his provincial station by climbing the social ranks of Parisian society. Through a series of events, Julien's talent and hard work give way to deception and hypocrisy when he realizes the limitations for advancement of a sincere and honest man of humble origins. Although Julien achieves much which he aspires to, ultimately his pride gets the better of him when he commits a violent crime of passion, leading to his tragic downfall. Through the deep psychological introspection of Julien we see Stendhal's unique literary genius, the remarkable way in which he allows readers to live in the minds of his characters. Set against the backdrop of the July Revolution of 1830, "The Red and the Black" is a narrative which embodies the rich social conflict of that time. This edition is printed on premium acid-free paper and is translated with an introduction by Horace B. Samuel.

His initial plan to work his way up through the church is, however, thwarted when he is forced to accept employment as a tutor--and this rash social entrepreneur certainly has not considered the dangers of falling in love. Stendhal's novel is an amusing and piquant study of hypocrisy and free will in post-Napoleonic France.

**Stendhal: The Red and the Black Nov 24 2021** Stendhal's great novel *The Red and the Black*, published in 1830, is seen as one of the most distinguished monuments of literary realism. In this introductory study, Stirling Haig shows how this realism derives from the incorporation of both history and legal reportage into the novel, and how it combines autobiography with mimesis. Professor Haig locates the novel in the context of Stendhal's own experiences as a Commissariat officer in the Napoleonic army, journalist, opera-lover, salon dandy and traveller in Italy and Restoration France, and highlights the constant inter-penetration of personal, documentary, and fictional elements in Stendhal's writings.

**The Red and the Black Nov 05 2022** Charts the rise and fall of an ambitious young social climber in a cruel, monarchical

society Handsome, ambitious Julien Sorel is determined to rise above his humble provincial origins. Soon realizing that success can only be achieved by adopting the subtle code of hypocrisy by which society operates, he begins to achieve advancement through deceit and self-interest. His triumphant career takes him into the heart of glamorous Parisian society, along the way conquering the gentle, married Madame de Rênal, and the haughty Mathilde. But then Julien commits an unexpected, devastating crime—and brings about his own downfall. *The Red and the Black* is a lively, satirical portrayal of French society after Waterloo, riddled with corruption, greed and ennui, and Julien—the cold exploiter whose Machiavellian campaign is undercut by his own emotions—is one of the most intriguing characters in European literature. Roger Gard's fine translation remains faithful to the natural, conversational tone of the original, while his introduction elucidates the complexities of Julien's character. This edition also contains a chronology, further reading and an appendix on Stendhal's use of epigraphs. He turned to writing after the final defeat of Napoleon in 1815, notable works include *A Life of Rossini* (1824), *A Life of Napoleon* (1929) and *The Red and the Black* published in 1830.
