Proudly published in the U.S.A. by CARLILE MEDIA.

[He Will Live Up in the Sky](#) Sep 23 2021 Truth can only be told with fiction. An up-and-coming rock star disappears from the stage in a flash of blinding white light, just in time to dodge a madman's bullet. Investigators soon discover the singer believed he was an alien abductee and was being closely monitored for signs of latent psychic abilities by various government agencies. The search ultimately leads to a cascading series of shocking revelations about human experimentation, high-tech surveillance and occult practices, proving just how deep the rabbit hole really goes. Five years in the making, He Will Live Up in the Sky is the first novel by Eagle Award-winning author Christopher Loring Knowles (Our Gods Wear Spandex). A galloping thrill-ride, He Will Live Up in the Sky is filled with memorable characters, gallows humor, sexual tension and searing drama, not to mention a rocket-fueled series of twists and turns from start to finish. The culmination of years of research and experience, He Will Live Up in the Sky is a work of "nonfiction fiction." It guides the reader on a breathless primer through the very real spiderweb of intelligence agencies, organized crime, high technology and secret sects weaving in and out of nearly every aspect of our lives today. "Christopher Knowles' debut novel can easily be called a "page-turner" More than an engaging thriller, the book is an original and penetrating narrative about renegade intelligence organizations, the sadistic music industry, and the incubators of today's rampant conspiracy culture. Add a plot radiating with PKDian

speculations and a space oddity ambiance, what you get is a story that will stay with you for a long time. You may never look at this country the same way again." Miguel Conner, author of *Voices of Gnosticism & the Dark Instinct* series "In his gripping debut novel, Knowles offers readers an intensely readable and detailed story of a troubled and haunted Grunge-era rock singer whose puzzling disappearance takes the reader along the ancient and sinister backroads of Knowles' native New England and into the black heart of a diabolical conspiracy that involves government mind control programs, UFOs and alien abduction, strange deaths and disappearances and military-industrial-complex-approved cult activity that will chill you to the bone. I could not put it down!" Andrew W. Griffin, author of *Rock Catapult & Dust Devil Dreams* "Knowles uncannily synthesizes true events, persistent rumors, and the utterly fantastical into a Lynchian story where fact, fiction, the objectively real, and the imaginal become impossible to differentiate. There is something for every armchair anomalist, and few bits of esoterica go unremarked upon in the broad mythology Knowles weaves into the narrative. True aficionados of unexplained phenomena - with all their frustrations, dead ends, bizarre synchronicities and synchronistic hints - may well find *He Will Live Up in the Sky* the masterwork they have been searching for." Joshua Cutchin, author of *Thieves in the Night & A Trojan Feast* "A fast-paced, intriguing paranormal thriller, which slowly reveals its juicy bits at the right time like a classy burlesque act. Yet the thing which will probably amaze readers the most after devouring this absolute page-turner is discovering that the most outlandish parts in this 'fiction novel' happened to be true." Miguel Romero, *The Daily Grail*

To get NEWEST Edition please visit our web site at [www.firearmsguide.com](http://www.firearmsguide.com)

*The Counter Terrorist Manual* Jul 02 2022 In the past thirty-five years, counter-terrorist units have been deployed to deal with airplane, ship, train, and bus hijackings. They have rescued hostages in various types of buildings and have dealt with barricaded bank robbers, prison rioters, and assorted dangerous criminals. Thousands have been rescued and millions have been safer because terrorists were aware that elite antiterrorist units were poised to take action should they take hostages. Following the September 11th attack on the World Trade Centre, the mission of many anti-terrorist units has expanded. Some units now track terrorists to their lairs in other countries and strike them there. Despite the significant and growing role of these units, little is known about the way they operate. The selection, training, structure and principles of maintaining such units, together with basic theories of asymmetric warfare are the subject of Thompson's latest work. In a practical, step-by-step guide he analyses the necessary organization of such elite teams, the arming and equipping of units, and methods for a variety of missions from hostage rescue and high-level dignitary protection to securing foreign embassies and counter-WMD strikes. Open the pages of this book and enter the world of the counter-terrorist operator.

*Bodyguard Manual* Jun 01 2022 Although military operations against terrorist forces often garner the headlines, those who protect government, military, and business leaders from assassination or kidnapping are also in the front lines against terrorism. Ready and prepared to place his body between his employer and a bullet, the bodyguard must be able to blend into the milieu around his charge, yet be ready to spring into action instantly to counter an attack. Based on techniques of the U.S. Secret Service, U.S. State Department Security, the Special Air Service, the Royal Corps of Military Police, the Metropolitan Police, the KGB and its successor the FSB, France's GSPR, and other protective units around the world, The Bodyguard Manual details the steps a protective team takes to prevent attack as well as the tactics which are employed when it is necessary to counter an attack in progress. From security aboard Concorde, the Orient Express, or the Queen Elizabeth 2, to protecting a military general officer in combat, The Bodyguard Manual allows the reader to "stand post" with the professional bodyguard.

Manuál obranné st?elby II - Defenzivní a taktické použití pušky a brokovnice Oct 25 2021 V souvislosti s rostoucím vlivem organizovaného zlo?inu a teroristické ?innosti i na civilní sektor se zvyšuje poptávka po komplexním výcviku, maximáln? využívajícím legálních možností pro použití t?í zbraní, tedy nejen pistole, ale i zbraní dlouhých - brokovnice a samonabíjecí kulovnice. Kniha navazující na Manuál obranné st?elby se zam??uje p?edevším na efektivní ovládání t?chto prost?edk? na základ? posledních sv?tových trend?. Autor Pavel ?erný tentokrát spojil síly s renomovanými instruktory speciálních složek, Václavem Vinduškou a Ond?ejem Duškem a dalšími spolupracovníky, p?edstavujícími mezinárodní st?eleckou špi?ku. Na základ? i jejich bojových zkušeností ze zahrani?ních misí vznikl ojedin?lý výcvikový materiál, dopln?ný spoustou rad a ukázkami ?ešení konkrétních situací. Kniha, zam??ená nejen na technické, ale i na taktické prvky zvládnání jak r?zných brokových zbraní, tak i pušek na bázi Sa58, AK47 a AR15/M4, je dopln?na více než p?ti sty barevnými fotografiemi.

SCP Series Two Field Manual Oct 05 2022 SCP Foundation anomalies SCP-1000 through to SCP-1999, including containment procedures, auxiliary documents, experiment logs and interview transcripts. An encyclopedia of the unnatural. The Foundation Operating clandestine and worldwide, the Foundation operates beyond jurisdiction, empowered and entrusted by every major national government with the task of containing anomalous objects, entities, and phenomena. These anomalies pose a significant threat to global security by threatening either physical or psychological harm. The Foundation operates to maintain normalcy, so that the worldwide civilian population can live and go on with their daily lives without fear, mistrust, or doubt in their personal beliefs, and to maintain human independence from extraterrestrial, extradimensional, and other extranormal influence. Our mission is three-fold: Secure The Foundation secures anomalies with the goal of preventing them from falling into the hands of civilian or rival agencies, through extensive observation and surveillance and by acting to intercept such anomalies at the earliest opportunity. Contain The Foundation contains anomalies with the goal of preventing their influence or effects from spreading, by either relocating, concealing, or dismantling such anomalies or by suppressing or

preventing public dissemination of knowledge thereof. Protect The Foundation protects humanity from the effects of such anomalies as well as the anomalies themselves until such time that they are either fully understood or new theories of science can be devised based on their properties and behavior. ————— About the ebook This ebook is an offline edition of the second series of fictional documentation from the SCP Foundation Wiki. All illustrations, subsections and supporting documentation pages are included. All content is indexed and cross-referenced. Essentially, this is what a SCP Foundation researcher would carry day-to-day in their Foundation-issued ebook reader. The text has been optimised for offline reading on phones and ebook readers, and for listening to via Google Play Book's Read Aloud feature. Tables have been edited into a format that is intelligible when read aloud, the narration will announce visual features like redactions and overstrikes, and there are numerous other small optimisations for listeners. The SCP text are a living work and the SCP documentation is a gateway into the SCP fictional universe, so links to authors, stories and media are preserved, and will open your reader's web browser. This work is licensed under a Creative Commons Attribution-ShareAlike 3.0 Unported License and is being distributed without copy protection. Its content is the property of the attributed authors.

*American Sniper* Jun 08 2020 Chris Kyle diente von 1999 bis 2009 bei den US Navy SEALs und verzeichnete in jener Zeit die höchste Zahl an tödlichen Treffern in der amerikanischen Militärgeschichte. 160 gezielte Liquidationen schreibt ihm das Pentagon offiziell zu. Seine Kameraden nannten ihn "Die Legende", seine Feinde "Teufel" ... In dieser eindringlichen Autobiografie erzählt der geborene Texaner, der 2013 erschossen wurde, die Geschichte seiner außergewöhnlichen Karriere. Nach dem 11. September 2001 wurde er im Kampf gegen den Terror an die Front geschickt und fand seine Berufung als Scharfschütze. Hart und ehrlich spricht Kyle über die Schattenseiten des Krieges und das brutale Handwerk des Tötens. Seine Frau Taya schildert in bewegenden Einschüben, wie der Krieg sich nicht nur auf ihre Ehe und ihre Kinder auswirkte, sondern auch auf ihren Mann. *American Sniper* ist das Psychogramm eines Scharfschützen und ein fesselnder Augenzeugenbericht aus dem Krieg, den nur ein Mann erzählen kann.

*School Shootings. Ursache und Prävention* Oct 13 2020 Diplomarbeit aus dem Jahr 2009 im Fachbereich Sozialpädagogik / Sozialarbeit, Note: 2,0, Fachhochschule Lausitz in Cottbus (Sozialwesen), Sprache: Deutsch, Abstract: Die vorliegende Arbeit widmet sich dem Phänomen zielgerichteter Gewalt in Form von School Shootings an Schulen. Dieses international bekannte Phänomen tritt seit ungefähr 30 Jahren auf, in Deutschland insbesondere in den vergangenen zehn Jahren. Einführend wird das Phänomen des School Shooting dargestellt und im Kontext amerikanischer und deutscher Studien bedeutende Faktoren beleuchtet. Dabei finden auch neuere deutsche Fälle aus dem Jahr 2009 Berücksichtigung. Neben der ausführlichen Darstellung von ausgewählten School Shootings in Deutschland und den USA, mit Konzentration auf die Täterentwicklung, werden verschiedene Faktoren, die zur Genese einer zielgerichteten Gewalttat beitragen, aufgezeigt. Anhand eines theoretischen Phasenmodells werden die Entwicklung von der Tatidee hin zur Tatausführung erläutert und Rahmenbedingungen skizziert. Anschließend folgt die Betrachtung spezifischer deutscher Forschungsergebnisse zu School Shootings. Im Rahmen der Ursachenbetrachtung erfolgt eine Darstellung möglicher Risikofaktoren. Die von Peter Langman aufgestellten Täterkategorien aus psychologischer Betrachtung werden anhand von ausgewählten Fallbeispielen dargestellt. Im Anschluss widmet sich die Arbeit der sozialen Kontrolltheorie nach Hirschi und der Kontrollbalancetheorie von Tittle im Kontext von School Shootings. Die Relevanz der Phantasie bei School Shootings, verschiedene schulische Aspekte, die eine solche Tat begünstigen und das Risiko von Nachahmungstaten durch Medieneinfluss leiten zur Prävention über. Im letzten Komplex geht es um mögliche Ansätze der Prävention. Neben der Darstellung von Leaking, bei dem der Täter seine Tatabsicht vorab anderen mitteilt, widmet sich der Kern des Kapitels der Bedrohungs- bzw. Risikoanalyse. Dabei wird auch das DyRiAS System von Jens Hoffmann u.a. vorgestellt. Fortführend werden einige Aspekte schulischer Prävention dargestellt und gesellschaftliche Präventionsdiskurse insbesondere die der Elternverantwortung kurz aufgegriffen.
